## 11. Indicators of programme quality

The MA in Victorian Studies at Leicester along with the Victorian Studies Centre was established in 1966 with a generous grant from the Leverhulme Foundation. The Centre was the first of its kind in the UK and the MA programme has run without interruption since that date, although the syllabus has been revised and expanded to reflect both changes in the subject, and the research interests of a variety of distinguished scholars in the departments of English, History of Art, and the Centres for English Local History and for Urban History. The course has attracted British Academy (now AHRC) funding, as well as international students holding Rotary, Commonwealth and DAAD scholarships. An appreciable number of students go on to undertake PhDs both at Leicester and elsewhere, many of whom have been funded through home and overseas government-funded doctoral awards. Graduates of the programme hold posts in universities in the UK and abroad.

External Examiners have confirmed that the assessment strategy, standard of achievement, design and delivery of the curriculum are effective and of similar standard to other comparable programmes in the sector.

## 12. Criteria for award and classification
