A100 September 2022 entry - Scoring

Fee status	Graduate/non-graduate	Minimum score to be <u>guaranteed</u> to be invited to interview* (out of 64)	Interview score to be made an offer** (out of 120)
Home	Graduate applicants	58 (77% of those interviewed)	
Home	Non-graduate applicants	58.5 (93% of those interviewed with predicted A-levels or achieved A-levels not eligible for an 'automatic' interview)	
Overseas	Graduate applicants	57.5 (100% of those interviewed)	
Overseas	Non-graduate applicants	58 (96% of those interviewed for those with predicted A-Levels or achieved A-levels not eligible for an 'automatic' interview)	

Please note: graduate applicants were ranked separately from non-graduate applicants for invitation to interview purposes because of differences in the scoring system. However all applicants will be ranked together when looking at interview scores.

* The score listed is the lowest score required to be guaranteed to be invited to interview. There were some applicants who scored lower than this who were invited to interview (amounting to 55% of the total interviewees). Those applicants were in a borderline group (of scores of 52 up to the scores listed above) who had their application assessed as set out below. Please note: our scoring system can change every year, and as such, this score should in no way be deemed to be a minimum required every year to receive an invite to interview.

** Offer making is ongoing at this time, so figures not currently available.

Contextual data is used to provide equal opportunity to applicants from all backgrounds on our A100 course in the following ways.

Applicants who applied with **achieved A-Levels grades** who met the entry requirements and had a UCAT score in the top 5 deciles were invited to interview. Those with a lower UCAT score were scored in the same way as candidates with predicted grades.

Applicants who successfully complete a Realising Opportunities Programme (ROP) or the Leicester Enhanced Access Programme (Access Leicester:Medicine) were automatically invited to interview providing they met all our minimum requirements and had a UCAT score in the top 8 deciles. If successful at interview, these candidates may be made an adjusted offer of ABB at A-level.

Applicants who were in a **borderline group pre-interview** were assessed using the following contextual data:

- a) UCAT bursary flag
- b) POLAR 4 quintile 1 or 2
- c) Attended a non-selective state school for GCSEs which has an Attainment Score 8 below the national average for the 2018 cycle.
- d) Or Refugee status
- e) Or more than three months in local authority care,

as well as their whole UCAS application and UCAT result.

These contextual criteria will also be used for those in a borderline group post-interview.

Offers will be given in order of interview score and assessment of all aspects of the application, including the personal statement and reference.
