2. Awarding body or institution
University of Leicester

3. a) Mode of study
Part-time

b) Type of study
Distance learning

4. Registration periods
   Master of Arts/Master of Science (180 credits)
   The normal period of registration for the MA/MSc is 24 months
   The maximum period of registration for the MA/MSc is 48 months

   Postgraduate Diploma (120 credits)
   The normal period of registration for the Postgraduate Diploma is 18 months
   The maximum period of registration for the Postgraduate Diploma is 36 months

   Postgraduate Certificate (60 credits)
   The normal period of registration for the Postgraduate Certificate is 8.5 months
   The maximum period of registration for the Postgraduate Certificate is 14.5 months

   Short course (15 credits)
   The normal period of registration for the Short Course (15 credits) is 2 months
   The maximum period of registration for the Short Course (15 credits) is 3 months

Students can apply for entry to the MA/MSc, PGDip or PGCert; it is then possible for students to switch between programmes during the course of their studies. It is also possible to register for a single module, for which students will receive the award of credit.

For students on the PGCert, a 'study break', to be taken between modules, of 6 months is allowed. For students on the PGDip or Masters, a 'study break' to be taken between modules, of
either 6 or 12 months is allowed. Students on a Short Course are not allowed study breaks of this kind, but time is built in to the maximum periods of registration to allow for mitigating circumstances processes which may approve later deadlines.

5. Typical entry requirements

In recognition of the diverse employment needs of the culture sector, our admissions process recognises and credits a range of prior qualifications and experiences.

Prospective candidates will either have gained a first class or second class degree, which can be in any subject area, or be able to demonstrate equivalent skills and aptitudes through the possession of a professional or vocational qualification and/or the accrual of relevant work experiences. Relevant experience can come from a wide spectrum of work or voluntary environments but clear evidence of this experience must be provided.

All candidates should be able to demonstrate a commitment to, or strong interest in, museums, galleries, or other kinds of heritage or cultural organisation.

If seeking entry without a degree, you will be asked complete an assessment, such as an essay, so as to demonstrate your readiness for postgraduate study. Clear guidance will be provided on assessment criteria. You may also be required to attend an interview

All applicants must satisfy the University’s English language requirements as detailed in the Senate Regulations.

6. Accreditation of Prior Learning

Accreditation of Prior Learning will be accepted from students who already hold credits from this programme provided that students return to their studies within 5 years. We will not accredit prior learning from any other programme. The available maximum period of registration for a returning student who holds 15 credits already will be allocated on a pro-rata basis (according to the student’s intended award).

Students who graduate with a PGCert (60 credits) or PGDip (120 credits) or who have a number of credits on this programme, may return within five years to this programme under resumption of studies regulations to register for a higher award (i.e. PGDip or MA/MSc). Such students would rescind their existing award, and their maximum period of registration will be the time remaining for their intended award (i.e. maximum period minus time already taken).

7. Programme aims

The programme aims to

- Support students to identify, analyse, and develop socially-engaged practice in museums, galleries, and similar cultural and heritage work.
- Provide an inclusive, supportive, and yet challenging, learning environment with access to a range of academic support systems.
- Foster within students a motivation and aptitude for intellectual enquiry, critical assessment, creative innovation and a commitment to lifelong learning.
• Prepare students for further academic research in museum studies and related fields including history, natural sciences, education and communication.
• Provide opportunities to develop a variety of personal transferable skills relevant to the needs of a range of employers, and develop students’ abilities to identify, reflect upon and communicate these to a range of employers and professional colleagues within museums, galleries, heritage and wider sectors.

All our graduates (MA/MSc/PGDip/PGCert) should be able to:

• Demonstrate knowledge of and be able to critically engage with major theoretical, methodological and professional themes in contemporary museum studies as defined in the learning outcomes and content of individual modules.
• Demonstrate the knowledge, expertise, and skills to effectively and strategically advocate for socially purposeful and socially engaged museum and gallery practice.
• Demonstrate the intellectual skills appropriate to postgraduate study.
• Work both independently and collaboratively.
• Demonstrate a range of personal transferable skills including communication skills.
• Perform to a high professional standard in order to secure employment or advance careers.
• Construct arguments and communicate effectively in English, within an international academic and professional community.

Graduates from our PGDip in Socially Engaged Practice in Museums and Galleries should in addition be able to:

• Contextualise socially engaged practice within specialist areas of museum and gallery practice such as museum education, digital media, heritage, and exhibition design through a selection of optional modules and articulate the ways in which the values and ethical underpinnings of socially engaged practice apply in these areas.

Graduates from our MA in Socially Engaged Practice in Museums and Galleries should in addition to the above be able to:

• Plan a response to research questions by formulation of aims, objectives and methodologies based on a comprehensive understanding of museum studies research as it relates to socially engaged practice
• Locate, select and analyse information relevant to a research project
• Plan, execute and write up an extended research project on a museum-related topic.

Graduates from our MSc in Socially Engaged Practice in Museums and Galleries should in addition to the above be able to:

• Plan a response to research questions by formulation of aims, objectives and methodologies based on a comprehensive understanding of museum studies research as it relates to socially engaged practice
• Locate, select and analyse information relevant to a research project
• Plan, execute and write up an extended research project on science in museums, science museums and collections, or utilise a technical or scientific methodology for the investigation of museums.

</tbody>
</table>

10. Special features

- Flexibility - Incremental credit accumulation, so students can start by taking just one module and build up to a qualification
- Flexible and blended delivery - online provision as well as options for live teaching via the web and face-to-face sessions
- Optionality - students can choose to specialise in areas that suit their own interests
- Designed and taught by leading academics who are known internationally for their work on the field of museum studies and who continue to direct and shape new museum practice around the world
- A ‘practice’ work-based module to develop professional skills and encourage ‘real-world’ outputs
- A Graduate Network focused on lifelong training and networking ('Museum Studies Connect')

11. Indicators of programme quality

- External Examiner reports: External Examiners continue to praise the level of feedback provided and the rigour of assessment methods.
• Student feedback mechanisms: Surveys and Student Staff Committees.

12. **Criteria for award and classification**

This programme follows the standard scheme of taught postgraduate award and classification set out in Senate Regulations – see the version of Senate Regulation 6 governing taught postgraduate programmes of study relevant to year of entry.

13. **Progression points**

As defined in Senate Regulations - refer to the version of Senate Regulation 6 governing taught postgraduate programmes of study relevant to year of entry.

In cases where a student has failed to meet a requirement to progress he or she will be required to withdraw from the course and a recommendation will be made to the Board of Examiners for an intermediate award where appropriate.

14. **Rules relating to re-sits or re-submissions**

As defined in Senate Regulations - refer to the version of Senate Regulation 6 governing taught postgraduate programmes of study relevant to year of entry.

15. **External Examiners reports**

The details of the External Examiner(s) for this programme and the most recent External Examiners’ reports for this programme can be found at exampapers@Leicester [log-in required]

16. **Additional features** (e.g. timetable for admissions)

• Flexible routes towards an award, including taking a single module, and returning to study within a set period of time.

• Optional face to face (non-core) teaching in Leicester (on online) each year. All students who register for this programme will be invited to all Summer Schools taking place while they are a registered student.
Appendix 1: Programme structure (programme regulations)

The University regularly reviews its programmes and modules to ensure that they reflect the current status of the discipline and offer the best learning experience to students. On occasion, it may be necessary to alter particular aspects of a course or module.

**Notes:**
• Note that the given year refers to the module start date; the module may run into the following academic year.
• Module MU7561 may be taken as a stand-alone short (taster) course leading to the award of 15 credits.
• Modules MU7561, MU7562, MU7563 and MU7564 may be taken leading to a Postgraduate Certificate (no other combination of modules shall lead to the award of Postgraduate Certificate)
• Students wishing to undertake the PGDip or Masters degree will undertake any four of the elective modules upon completion of Modules MU7561, MU7562, MU7563 and MU7564.
• Students may graduate with a Master of Science Degree where the dissertation concerns a science collection or museum, or where the nature of the investigation can be termed ‘scientific’.

Appendix 2: Module specifications
See taught postgraduate module specification database (Note - modules are organized by year of delivery).
