1. Programme title(s) and code(s):

BSc Accounting and Finance
BSc Accounting and Finance with a Year Abroad^  
BSc Accounting and Finance with a Year in Industry^  
HE Diploma in Accounting and Finance*  
HE Certificate in Accounting and Finance*  

Notes
* An award marked with an asterisk is only available as an exit award and is not available for students to register onto.

^ Students may only enter this programme by approved transfer at the end of Year 1  

a) HECOS Code

<table>
<thead>
<tr>
<th>HECOS Code</th>
<th>%</th>
</tr>
</thead>
<tbody>
<tr>
<td>100107</td>
<td>100%</td>
</tr>
</tbody>
</table>

b) UCAS Code (where required)

72N7

2. Awarding body or institution:

University of Leicester

3. a) Mode of study

Full-time

b) Type of study

Campus-based

4. Registration periods:

BSc Accounting and Finance

The normal period of registration is 3 years
The maximum period of registration 5 years

BSc Accounting and Finance with a Year Abroad

The normal period of registration is 4 years
The maximum period of registration 6 years

BSc Accounting and Finance with a Year in Industry

The normal period of registration is 4 years
The maximum period of registration 6 years
5. **Typical entry requirements**

ABB at A level (320 points) /GCSE Mathematics at grade B and English Language at grade C/ BTEC Nationals - Full Diploma with DDD/ International Baccalaureate: Pass Diploma with 32 points/ European Baccalaureate: Pass Diploma with 77% overall.

**Year Abroad variant:** The condition for admission to the scheme will be an average mark of no less than 55% in year one. Students who meet these conditions will be invited to apply at the beginning of the second year of studies. Students will then be expected to maintain average marks of no less than 55% in their second year.

For the Year Abroad variants, students will not be admitted directly to these programmes but will be able to transfer to the programme on application for a year abroad during the second year of the BA programme under the following conditions:

- Have an overall average of 55 or higher in the first year
- Have an overall average of 55 or higher in the second year
- Must not have any failed modules in order to progress to the year abroad.

*If you have mitigating circumstances that affect your results, you may request that your circumstances be taken into consideration.*

For those on the year in industry, see [additional programme specification content for Year in Industry programmes](#).

6. **Accreditation of Prior Learning**

n/a

7. **Programme aims**

The programme aims to:

- Develop a critical understanding of modern accounting and financial ideas and practices and their relevance to a variety of institutional and organizational contexts; to develop quantitative, communications and information technology skills, and the ability to apply those skills in an accounting and finance context

- Increase graduate’s marketability by providing appropriate exemptions from certain courses required from accounting bodies; and by encouraging intellectual development, critical ability, research skills; communication skills and confidence in problem recognition, formulation and solution

- Prepare students for career and training opportunities in both accounting and finance professions – in both the private and public sectors; voluntary organizations; and to prepare those interested in postgraduate study for the transition to an increasingly independent regime of study and research

The Year Abroad variants also aim to:

- Enable students to experience modern accounting and finance ideas from a European or global perspective in a supportive environment.
- Develop students’ working knowledge of a language other than English.
- Encourage a thoughtful and mature approach to all aspects of study and life, creating graduates with broad experiences and horizons.
- Enhance employability of graduates by their knowledge of other contexts of accounting, finance and management education, foreign languages and different business cultures.
The Year in Industry variants also aim to:

- Enable students to gain direct experience of working in relevant roles during their placement year
- Develop a better appreciation of both the application and the context of their academic studies
- Provide students with career insights by enabling them to undertake a formal role within a professional organisation whilst contributing to its performance at the same time

8. **Reference points used to inform the programme specification**

- QAA Benchmarking Statement
- Framework for Higher Education Qualifications (FHEQ)
- UK Quality Code for Higher Education
- University Learning Strategy
- University Assessment Strategy
- University of Leicester Periodic Developmental Review Report
- External Examiners’ reports (annual)
- United Nations Education for Sustainable Development Goals
- Student Destinations Data

9. **Programme Outcomes**

Unless otherwise stated, programme outcomes apply to all awards specified in 1. Programme title(s).

a) **Discipline specific knowledge and competencies**

   i) Mastery of an appropriate body of knowledge

<table>

</tbody>
</table>

10. Progression points

This programme follows the standard Scheme of Progression set out in Senate Regulations – see the version of Senate Regulation 5 governing undergraduate programmes relevant to the year of entry.

The following additional progression requirements for this programme have been approved:

**Year Abroad Variant**

Students who meet the conditions set out in section 5 will be invited to apply at the beginning of the second year of studies. Students will then be expected to maintain average marks of no less than 55% in their second year.

*If you have mitigating circumstances that affect your results, you may request that your circumstances be taken into consideration.*

For those on the year in industry, see additional programme specification content for Year in Industry programmes

In cases where a student has failed to meet a requirement to progress, he or she will be required to withdraw from the course

**a) Course transfers**

Our policy is to accept student transfers into our BSc Accounting and Finance programme where they have successfully completed a first year on a similar programme at another university. This will also apply to students seeking transfers into the major pathway. We will vary this slightly for students wishing to transfer into the minor, so that they will need to have successfully completed modules elsewhere which map to Foundations of Finance and Foundations of Financial Accounting. Any transfers will be done on a case by case basis and obviously are also numbers dependent.
11. Criteria for award and classification
This programme follows the standard scheme of undergraduate award and classification set out in Senate Regulations – see the version of Senate Regulation 5 governing undergraduate programmes relevant to the year of entry.

12. Special features
There are many B.Sc. Accounting and Finance programmes in the UK. However, our programme has a couple of very strong special features:

- The entry requirements do not specify an A level in mathematics. We have been adamant in not requiring this subject specific A level as from past experience (notably at the LSE) students who really want to do a B.Sc. Accounting and Finance degree often will not have such an A level.
- The course structure contains courses which have a Leicester flavor. As an example ‘social studies in finance’ is a course which is given by senior researchers of that new field to understand financial markets in their context. This makes our B.Sc. in Accounting and Finance quite distinct from the mainstream programmes across the UK.
- The programme is a research-led degree that draws upon staff’s contribution to academia. An example of the distinctiveness of the BSc Accounting and Finance is the consideration of the role of accounting in organising contemporary social and economic life.
- Accreditation from the accounting bodies: ACCA, CIMA & ICAEW.

13. Indications of programme quality
- External Examiners Reports
- First Destination careers statistics
- Accreditation of modules from accounting bodies:
  - The Association of Chartered Certified Accountants (ACCA)
  - The Chartered Institute of Management Accountants (CIMA)
  - The Institute of Chartered Accountants in England and Wales (ICAEW)

14. External Examiner(s) reports
The details of the External Examiner(s) for this programme and the most recent External Examiners’ reports for this programme can be found at exampapers@Leicester [log-in required]
Appendix 1: Programme structure (programme regulations)

The University regularly reviews its programmes and modules to ensure that they reflect the current status of the discipline and offer the best learning experience to students. On occasion, it may be necessary to alter particular aspects of a course or module.
