2. **Awarding body or institution**

University of Leicester

3. **a) Mode of study**

Full-time or part-time (part-time by agreement only)

**b) Type of study**

Campus-based

4. **Registration periods**

The normal period of registration for the **MA in Applied Linguistics and TESOL (Campus Based)** is one year.

The maximum period of registration for the **MA in Applied Linguistics and TESOL (Campus Based)** is two years.

5. **Typical entry requirements**

- A relevant second-class honours degree or its equivalent from a non-UK university (GPA 3.0 or above). Degrees in English language, other languages, linguistics or education preferred.
- Serving teachers who have equivalent qualifications or qualified teacher status and significant experience can be considered.
- Candidates should normally be teachers or others working in the TESOL field with at least one years' teaching experience.
- Candidates who are not native speakers of English need to have a proficiency level equivalent to GCSE O level Grade C; IELTS 6.5 with a minimum of 6.0 in each sub-skill; TOEFL 575 (paper) plus TWE 4.0, 90 (IBT); Cambridge Proficiency Grade C or above.
6. Accreditation of Prior Learning
   • Requests for exemptions, on the basis of prior learning, may be made for a maximum of two of
     the modules (60 credit max).
   • Holders of the University of Leicester PG Certificate in Teaching English for Academic Purposes
     are exempted from 15 credits corresponding to one of our optional 15-credit courses: ED7012
     English for Specific/Academic Purposes.
   • Holders of the Cambridge DELTA (Diploma in Teaching English to Speakers of Other Languages)
     are exempted from 30 credits corresponding to two of our core 15-credit courses: EN7310
     Second Language Teaching, and EN7311 Second Language Learning.
   • Detailed evidence of the prior learning with copies of programme outlines and transcripts
     should be submitted with the request.

7. Programme aims

   The programme aims to
   • Provide participants with the opportunity to study the sub-disciplines of Applied Linguistics
     and TESOL;
   • Provide participants with theoretical foundations upon which sound TESOL practice is based;
   • Develop participants’ ability to reflect critically on practice and the relationship of theory to
     practice.
   • Develop students’ ability to manage, reflect on and enhance their own learning;
   • Provide students with opportunities to extend their range of transferable skills including
     study and research skills.

   The general teaching aims of the MA Applied Linguistics TESOL programme are to:
   • Enhance the understanding and enrich the expertise of participating professionals involved in
     language teaching
   • To further the academic and professional development of these course participants.
   • More specifically, to provide participants with the opportunity to acquire knowledge in
     Applied Linguistics and TESOL sub-disciplines such as grammar awareness, phonology, second
     language teaching and learning, and sociolinguistics.
   • Provide an opportunity for participants to personalize and enrich their study programme
     through a wide choice of options.

   On successful completion students in MA Applied Linguistics and TESOL should be able to:
   • Display knowledge and understanding of the principles and practices of TESOL drawing on
     theory and research in Applied Linguistics;
   • Display knowledge of the description of English grammar and phonology;
   • Demonstrate the ability to analyse the role and use of English in different contexts;
   • Apply their knowledge and understanding to teaching and learning in their own educational
     setting;
   • Apply a range of research methods to the study of English language and the teaching and
     learning of English in different contexts;
   • Plan and conduct a research study in the field of TESOL or Applied Linguistics.

### 10. Special features

The MA in Applied Linguistics and TESOL programme is designed around five core modules delivered in semesters 1 and 2 that equip students with substantial knowledge and skills in key areas of Applied Linguistics and TESOL theory and practice. Prior to the first written assessment, students complete a formative writing task. This allows for the practice of academic writing skills and opportunities to gain valuable feedback from a personal tutor. The programme also allows students to specialise through the selection of three optional modules (one in Semester 1 and two in Semester 2) and a dissertation on a topic area of choice. This level of choice means that students have opportunities to progress through the programme in a manner that reflects their own priorities and developing interests. Prior to work on the dissertation in Semester 2, a series of research methods seminars are organised which aim to develop core research knowledge and skills.

- The MA is campus-based. Occasionally it may draw on parallel courses on the similar distance learning degree.
- MA Applied Linguistics students pursuing their degree by DL can switch to the campus-based mode, or vice versa, only by agreement with the programme leaders. Each case will be treated on its own merits.
- The MA combines a theoretical grounding in Applied Linguistics with pedagogical application to English Language Teaching, rather than concentrating solely on one or the other.
- The wide range of option modules enables students with two years of teaching experience to specialise in a chosen area.
- A student who takes Language Testing and Assessment 1 and 2, and also does their dissertation on a language testing related topic may be awarded an MA in Applied Linguistics and TESOL with Language Testing.
11. **Indicators of programme quality**

The external examiners for both distance and campus versions of the current MA Applied Linguistics and TESOL programme have expressed their satisfaction and complimented the team on a number of points, including the quality of written feedback on students’ assignments and the quality of dissertation projects undertaken by students.

12. **Criteria for award and classification**

This programme follows the standard scheme of taught postgraduate award and classification set out in Senate Regulations – see the version of Senate Regulation 6 governing taught postgraduate programmes of study relevant to year of entry.

13. **Progression points**

As defined in Senate Regulations - refer to the version of Senate Regulation 6 governing taught postgraduate programmes of study relevant to year of entry.

In cases where a student has failed to meet a requirement to progress he or she will be required to withdraw from the course and a recommendation will be made to the Board of Examiners for an intermediate/exit award where appropriate.

14. **Rules relating to re-sits or re-submissions**

As defined in Senate Regulations - refer to the version of Senate Regulation 6 governing taught postgraduate programmes of study relevant to year of entry.

Students can only resubmit in 60 credits of the course. All resubmissions in the taught modules must be completed before progression to the Dissertation.

15. **External Examiners reports**

The details of the External Examiner(s) for this programme and the most recent External Examiners’ reports for this programme can be found at exampapers@Leicester [log-in required]

16. **Additional features** (e.g. timetable for admissions)

There is only one intake per year, at the beginning of the academic year.
Appendix 1: Programme structure (programme regulations)

The University regularly reviews its programmes and modules to ensure that they reflect the current status of the discipline and offer the best learning experience to students. On occasion, it may be necessary to alter particular aspects of a course or module.

Notes

• This is an indicative list of option modules and not definitive of what will be available. Option module choice is also subject to availability, timetabling, student number restrictions and, where appropriate, students having taken appropriate pre-requisite modules.

• Individual option modules may run in an alternative semester to the one listed above, depending on staff availability.

• Students who choose to follow the language testing specialism must take two option modules in Language Testing and Assessment (EN7301 and ED7008) as well as completing a Dissertation in language testing. If successful, they will be awarded an 'MA in Applied Linguistics and TESOL with Language Testing'.

Entry Requirements:

• A relevant 1st degree at a good class 2.2. (UK equivalent) or above
• GPA 3 (US equivalent) or above
• Students whose first language is not English or who have not lived in a country where it is the first language for at least three years prior to starting the programme must possess an appropriate English Language qualification

    Acceptable evidence includes: GCSE/O-Level English at grade C or above; an overall score of 6.5 in the IELTS test (with a minimum score of 6.0 obtained in each component); a TOEFL 600 (paper) or 90 (IBT)
• Candidates should normally be teachers or other language professionals with at least one years’ classroom experience in TESOL or related area.

Students take 3 core modules and 1 optional module in the Semester 1, and 2 core modules and 2 optional modules in the Semester 2. These are followed by the Dissertation (EN7300).
