7. Programme aims

At Postgraduate Certificate level (modules ED7350, ED7351, ED7434), the programme aims to:

- a) prepare students to meet the Teachers' Standards for the recommendation of qualified teacher status (QTS) (DfE 2011), see Appendix 3;
- b) support the development of pedagogic skills at the age range in which students specialise;
- c) prepare students to conduct school-based studies of education, focusing on the evaluation of teaching, learning and assessment of learning;
- d) develop a critical understanding of pedagogic theory and the implications for practice; and
- e) develop skills of research and analysis to be applied to the study of secondary education.

At Professional Graduate Certificate Level (modules ED4350, ED4351) the programme aims a) through c) apply.

Students will be enabled to:

- demonstrate knowledge and understanding of how pupils learn and how this impacts on teaching;
- evaluate the use and management of appropriate learning resources for pupils within their phase of education;
- understand how to plan, teach and assess the relevant curriculum areas;
- know when and how to adapt teaching to respond to the strength and needs of all pupils; and
- understand how to carry out and present small-scale research on the topic of effective teaching.

Generic Learning Outcomes

By the end of each module, through assignments, students will be able to:

- select a focus for research and justify their choice in relation to their current or planned professional practice;
- produce two assignments. These should include a literature review of the topic which identifies and aims to critically comment on appropriate theoretical, research and practice-based literature;
- have an understanding of the guiding principles of designing, conducting and disseminating ethical research in educational contexts;
- use a range of presentation modes; and
- draw conclusions from the research, reflect on practice, and apply findings to a consideration of teaching, learning and assessment.

9. Programme Outcomes

The programme must enable all students to achieve the Teachers' Standards (DfE, 2011) (Level 6), as well as academic skills expected of students at Level 7 (or Level 6). The Teachers' Standards are appended in Appendix 3. Course handbooks give detailed advice to students on how these should be achieved and demonstrated. The different expectations for the Postgraduate Certificate of Education and the Professional Graduate Certificate of Education (Level 6 only) are detailed in the student handbook.

Teachers' Standards (DfE, 2011) are assessed by the following:

- end of teaching placement assessments by school-based mentors formally recorded in end of Placement Report Form;
- evidence detailing school mentor observations of classroom practice;
- teaching file(s) and Portfolio of evidence including Standards Log (Level 6); and
- evidence of professionalism, application, demeanour, appropriate dress and personal discipline.

Observed and documented failure to meet Teachers' Standards (Part 2 of DfE, 2011) would result in a recommendation for termination of studies.

10. Special features

This is a professional programme, governed by the requirements of the Department for Education (2011) and so the content is subject to frequent change in accordance with nationally-determined policy priorities, and revisions to the National Curriculum for Schools at the relevant age range, see current policies in clause 8. The programme is also subject to frequent inspection by Ofsted ([link](#)).

Completion of Modules ED4350/ED4351 or ED7350/ED7351 at least at Level 6 is required

It is expected that the vast majority of students will attempt Level 7 Module ED7350. As a result, all students are entered as Level 7 from the outset. After marking of the ED7350 assignments (mid-February) a review of all students takes place. Some students may opt to submit for Level 6 only. Where there is concern about a student, a review will take place and a recommendation made to an interim Board of Examiners. A definitive list of Level 7 students is agreed with the Graduate Office in the third week of March in each year.

24 weeks (120 days) of teaching practice are required in this programme (unless DfE guidelines for the academic year are changed), which are divided into the two modules (please see Appendix 1, middle column):

ED4352 Professional School Experience 1 (Semester 1)

ED4353 Professional School Experience 2 (Semester 2/3)

These modules require the demonstration of practical teaching skills to a sufficient Level against the DfE teaching standards (DfE, 2011).

The programme is offered in partnership with local school groups through the School Centred Initial Teacher Training (SCITT) framework laid down by the Department for Education. This programme format is characterised by school-led practical training in partnership with academic development through involvement of higher education institutions. The majority of the taught elements of the programme would be delivered in the SCITT training centres predominantly by SCITT tutors, who would be University of Leicester Approved Tutors. (Applications are approved by the Head of Department and ratified by the departmental Learning and Teaching Committee; details of the process are available at X:\School of Education\SCITTS \Teaching and Curriculum\Quality Open\SCITTS\SCITT Programme Approval and SLAs accessible on request through the Senior Departmental Administrator).

The curriculum provision will be designed jointly by the SCITT and University tutors, although the quality assurance responsibility resides with the University. There is an annual review in which the curriculum and the splitting of the teaching, marking and moderation for the following year are agreed between the SCITT and University tutors (within the parameters of the service Level agreement).

Level 7 assignments will be marked by SCITT tutors, with the moderation process overseen by University tutors. The University of Leicester deliver taught sessions that relate to regulatory aspects the Level 7 assignments, such as ethical approval and plagiarism (within the parameters of the service Level agreement).

11. Indicators of programme quality

- External Examiner reports
- SCITT Management and Tutor Evaluations
- Student Evaluations
- Programme Development Priorities
- Annual Collaborative Reviews
- Course Management and Academic Committee
- Ofsted reports
- Match to DfE Teachers' Standards (DfE, 2011), regularly reviewed and updated. Matching the programme specification to the standards is a requirement for recognition as an initial teacher education provider.

12. Criteria for award and classification

This programme will use formative assessment against the Teachers' Standards (See Appendix 3) for the two placement modules. There are 60 taught credits (ED7350/7351 at Level 7 for award of a Postgraduate Certificate and Level 6, ED4350/4351, for award of a Professional Certificate), as defined in Senate Regulation 6: *Regulations governing taught postgraduate programmes of study*.

In addition to the 60-credit award, a further 30-credit module is offered (ED7434) to those completing the Postgraduate Certificate (within the parameters of the service Level agreement). For the Postgraduate Certificate in Education, a student must have attempted every assessment component for each of the taught modules ED4352/4353 and ED7350/7351), and have achieved the following thresholds in accordance with Senate Regulation 6:

Award	Taught modules	Failed credit
Postgraduate Certificate	A credit-weighted average mark of at least 50%, or at least 45 credits at 50%, grade 'C', or above	No more than 15 credits with a mark of less than 50%, grade 'D', and no module mark < 40%, grade 'F'
Postgraduate Certificate with Merit	A credit-weighted average mark of at least 60%, or at least 45 credits at 60%, grade 'B' or above	No credits with a mark of less than 50%, grade 'D'
Postgraduate Certificate with Distinction	A credit-weighted average mark of at least 70%, or at least 45 credits at 70%, grade 'A' or above	No credits with a mark of less than 50%, grade 'D'

It has not been the custom to award merits or distinctions in the PGCE given its professional nature.

Award of the Professional Graduate Certificate of Education will be made to those participants who complete the programme, with one or two of the 30-credit modules at H-Level (Level 6). Students completing at this Level will not have the option of submitting for the additional module: ED7434.

13. Progression points

There are two progression points within the course.

Progression Point 1 is in February/March (a panel of examiners is convened).

For module ED7350, this requires students to pass the first assignment at Level 7 (50% and above) or Level 6 (40-49%) (or ED4350 at Level 6).

For module ED4352, this requires students to successfully complete the first semester school placement(s).

Progression Point 2 is in June (a panel of examiners is convened).

For module ED7351, this requires students to pass the second assignment at Level 7 or 6.

For module ED4353, this requires the students to meet the Teachers' Standards. Where a candidate is assessed as not meeting the minimum standards for QTS, the Panel may recommend either:

- The extension of the assessment period of the placement, or;
- The termination of the teaching placement.

Failure to meet Level 7 criteria.

If the student receives a mark of 40-49% they have the option to accept this mark and pass the first assignment at Level 6, or they may resubmit the assignment and attempt to gain 50%, thereby moving forward with a Level 7 pass.

If a student receives a mark of less than 40%, they will have the choice of resubmitting at Level 7 and attempting to reach 50%, or, if they feel this is not possible, they can resubmit at Level 6, resubmitting a shorter assignment to meet the requirements of this Level.

In cases where a student has failed to meet a requirement to progress, he or she will be required to withdraw from the course.

For the additional 30-credit module ED7434, students attempting the academic competence modules at Level 7 can opt to undertake this module for an additional 30 credits (within the parameters of the service Level agreement). However, there is a formal progression point at which the School of Education will confirm that they are able to continue with the module, in March of each year. This is because achievement of the additional 30-credits is conditional upon a student successfully passing the existing Level 7 modules that lead to the award of PGCE.

Further details can be found in the SCITT PGCE Assignment Handbook available on Blackboard.

14. Rules relating to re-sits or re-submissions

As defined in [Senate Regulations](#) - refer to the version of *Senate Regulation 6 governing taught postgraduate programmes of study* relevant to year of entry.

15. External Examiners reports

The details of the External Examiner(s) for this programme and the most recent External Examiners' reports for this programme can be found at exampapers@Leicester [log-in required]

16. Additional features (e.g. timetable for admissions)

Admissions occur once a year and begin in September.

The programme includes the opportunity for students to complete a total of 90 credits, with module ED7434 (see Appendix 2 final entry). The module recognises the contribution that reflective practice makes to the development of the students' pedagogic literacy. An outline of module (ED7434), which leads to the securing of 90 Level 7 points in the PGCE year, is presented in Table 3 below.

Table 3: overview of additional module to allow for 90 credits in the PGCE

ED 7434: Reflective Practice in Education
This module is designed to enable participants to engage in critical analysis of practice and reflection about their developments in education during school-based field work. Its design allows for flexible responses to the professional concerns and interests of participants, including practical responses to pedagogic challenges, which relate to the Teacher Standards (DfE, 2012). Issues considered in the module include reflective practice, curriculum development, change in education, case studies of learning, impact studies exploring the impact of teaching on learning in the classroom, legislation, policy developments in England, official reports or from developments in

teaching and educational research and assessment for learning. The module will prepare the way for further study of practitioner research methods in the Masters in Education (M Ed).

Assessment

The following will be undertaken by each student and must be passed in accordance with Senate regulation 6: *reflective record and portfolio*.

5000-word submission, for example: a reflective record including evidence of critical reflection on the outcomes of directed tasks, policy analyses, pupil data analysis (anonymised), with a structured portfolio of evidence, including reference to policy and research in relation to the participants' use of theory and practice in the classroom. This assessment element will represent a distillation from the participant's field work experience in schools, drawing on their reflective journals and subject-directed tasks, and could include: brief, critical policy analysis, systematic analysis of impact data; reflections on school policies; case studies of learning.

Titles: negotiable with the module leaders/tutors to focus on issues covered in the participant's school-based work.

The specification for ED7434 is in Appendix 2.

Admissions occur once a year and begin in September subsequent to approval to taking up a place within the Partner SCITT programme.
