

Start-Up Workspace Benefits and Support Package

Introduction

1. This document is for students and graduates who sign an agreement with the University of Leicester to access facilities through a private office or co-working space (<https://le.ac.uk/enterprise/equipment-facilities/workspaces>).
2. It outlines the benefits and support the start-up businesses are able to access from the University of Leicester throughout the duration of the signed agreement.

Conditions of access

3. The conditions of accessing the benefits and support package should be done in line with the University's Dignity and Respect policy: <https://le.ac.uk/about/making-a-difference/edi/dignity-respect>
4. Users are expected to treat fellow start-up workspace users, University staff, and visitors with respect and courtesy, avoid disruptive behaviour that may disturb others in the start-up workspace and maintain a professional and inclusive environment, free from discrimination or harassment when engaging with anyone who is offering benefits or a support service.
5. Any violation of university policies or misconduct may result in immediate termination of the agreement and further actions as appropriate.

Package of benefits and support

6. The table below outlines the suite of benefits and support that students and graduates with a signed agreement for Start-Up Workspace can access. It is subject to change and any amendments, both additions and deletions, will be communicated to all users with a current signed agreement.

Benefits

Support	Description
Dedicated university advisor	<p>Dedicated point of contact at the University to act as an adviser to maximise connection, utilise the benefits and support available plus triage areas of need or work through requests.</p> <p>Starting recommendation to meet monthly but more frequently if required.</p>
Exposure and profile	<p>On signing an agreement to access the Start-up Workspaces, the university will:</p> <ul style="list-style-type: none"> • List the business on its website, including the name and study details of the entrepreneur and a link to the business website. • Produce an internal and external press release covering details of the business.
Access to Start-Up Workspaces	<p>Dedicated office space for student and graduate entrepreneurs in the Start-Up Workspaces worth approximately £1000 annually.</p>
Access to other university facilities free of charge	<p>Access to request and book other university facilities for free to undertake business related activity where agreed by the University, subject to availability. This includes spaces at Brookfield and Space Park Leicester meeting rooms (limited to 3 bookings, for up to 10 people).</p>
Access to an entrepreneurial community	<p>Each entrepreneur and their business may offer skills, expertise, products and services to others within the University's Start-Up Workspaces community. Feel free to ask others for help.</p> <p>Those that are willing to offer help are listed below (to be added by each user):</p>

	<ul style="list-style-type: none"> • Technical development work can be provided by LaunchPad AI with a 10% discount. <p>Speak with the dedicated university advisor to support introductions where required. There is also a WhatsApp group entrepreneurs can join to communicate with each other.</p>

Support provision

Support	Description
Exclusive events and business pitch opportunities	Invited to attend and speak at university events which is within the area of the business or as a student/graduate entrepreneur through dedicated university advisor.
Schedule of workshops	A series of workshops covering key topics and themes across start-up businesses will be scheduled and led by experts within their field.
Space related funding applications	Space Park Leicester (SPL) provides dedicated support in identifying and applying for funding opportunities relevant to the space sector. This includes offering guidance on crafting proposals, connecting student and graduate start-ups with relevant grants, and leveraging SPL's network of industry and governmental contacts to enhance funding success rates.
Consultancy in technology	For a reduced fee, access to SPL's team of space technology and engineering experts, student and graduate start-ups can receive bespoke consultancy on technological development, market entry strategies, and feasibility studies. SPL can also facilitate mentorship programmes, providing insights from experienced professionals in the space industry.
Testing validation and manufacturing facilities access	SPL can offer state-of-the-art facilities for the testing and validation of space technologies, including cleanrooms, environmental test chambers, and additive manufacturing equipment. Student and graduate start-ups can utilise these resources at discounted rates, allowing them to validate and iterate their products within a professional space environment, expediting development and ensuring industry compliance.
Rentable lab spaces	At a reduced fee, student and graduate start-ups can have access to rentable lab at SPL, providing them with the infrastructure to scale their operations. These spaces are equipped with essential amenities and are situated within a

	collaborative ecosystem, fostering innovation and facilitating partnerships with other companies and researchers on-site.
Funding and investment opportunities	Through the dedicated university advisor, opportunities to pitch and bid for funding and investment will be communicated when known.

Your commitment

7. In accessing the suite of benefits and support, we ask that users are advocates of the University in growing awareness of the provision to other student and graduate entrepreneurs and wider entrepreneurial eco-system and support network.
8. Through the university advisor, you will be invited to attend events and share your entrepreneurial journey and current business activity with students, graduates and local businesses. Whilst there is no minimum requirement or expectations, it is hoped that users accessing the Start-Up Workspaces and benefitting from the support provision are willing to commit to encouraging and supporting others.

Points of contact

9. The University welcomes feedback, views and opinions from all Users who have access to the Start-Up Workspace at the University of Leicester. All suggestions for feedback and improvement should be sent to careerhelp@leicester.ac.uk
10. If you are an organisation that would like to offer a benefit or support service to student and graduate entrepreneurs, please contact careerhelp@leicester.ac.uk
