Dear Professor Guy N Ruttly

Ref: UHL 09523
Title: Less Invasive Autopsy: A study to evaluate and compare the use of Computerized Axial Tomography and Magnetic Resonance Imaging with conventional autopsy.
Project Status: Project Approved
End Date: 01/01/2015

Thank you for submitting documentation for Substantial amendment **Number 3** for the above study.

I confirm that the amendment has the approval of the University Hospitals of Leicester NHS Trust R&D Department and may be implemented with immediate effect.

The documents received are as follows:

Document Name	Version Number	Date
PIS and CF: Relatives	2	01.09.2009
PIS and CF Relatives Telephone Verbal	3	01.09.2011
CT Coronary Artery Angiography Protocol	2	29.09.2011
CT Coronary Artery Angiography Protocol	1	12.04.2009
Protocol for the release and use of computed tomography images from the less invasive autopsy study to be used by	1	29.09.2011

other research projects		
Pre-computed tomography toxicology sampling protocol	1	29.09.2011
Coronary artery sampling protocol	1	29.09.2011
Whole body computed tomography angiography protocol	1	29.09.2011

Please be aware that any changes to these documents after approval may constitute an amendment. The process of approval for amendments should be followed. Failure to do so may invalidate the approval of the study at this trust.

Please ensure that all documentation and correspondence relating to this amendment are filed appropriately in the relevant site file.

Yours sincerely

Carolyn Maloney
R&D Manager
