

Sustainability in your course

What is sustainability?

Sustainability focuses on meeting the needs of the present without compromising the ability of future generations to meet their needs. The concept of sustainability is composed of three pillars: economic, environmental, and social. The University of Leicester incorporates sustainability into our courses through both core and optional modules.

Above: Highlighted [Sustainable Development Goals \(SDGs\)](#) available in your course

SDGs		8	1	1, 3, 8, 10	3, 4	13, 14, 15
