

Sustainability in your course

What is sustainability?

Sustainability focuses on meeting the needs of the present without compromising the ability of future generations to meet their needs. The concept of sustainability is composed of three pillars: economic, environmental, and social. The University of Leicester incorporates sustainability into our courses through both core and optional modules.

Above: Highlighted [Sustainable Development Goals](#) (SDGs) available in your course

SDGs		9	9	13	9
Core	Optional	EG1006	EG2006	EG3008	EG4009
Engineering Degrees		Engineering Design and Experimentation	Integrated Engineering Design	Engineering Management	Leadership & Project Management
General Engineering BEng					N/A
General Engineering MEng					
Aerospace Engineering BEng					N/A
Aerospace Engineering MEng		N/A			
Electronic and Electrical Engineering BEng					N/A
Electronic and Electrical Engineering MEng		N/A			
Mechanical Engineering BEng					N/A
Mechanical Engineering MEng					
Engineering with Foundation Year BEng					N/A
