Letter of commitment to the priorities of the Concordat for the Environmental Sustainability of Research and Innovation Practice

I, Professor Nishan Canagarajah on behalf of the University of Leicester, confirm our commitment to the priority areas outlined in the Concordat for the Environmental Sustainability of Research and Innovation Practice.

University of Leicester fully supports the priority areas outlined in Concordat. We will deliver against all the priorities in practice and recognise our responsibilities as a signatory, as set out in the Concordat.

By signing this concordat, we recognise the need to change how we conduct research and innovation as well as promote wider solutions. We also agree to take shared action now and into the future to reduce and eliminate our own environmental impacts and emissions and achieve the transition to sustainable practices.

Regards
