

## Programme Specification (Undergraduate)

FOR ENTRY YEAR: 2020/21

Date created: 26/11/2020

Last amended: 16/03/2023

Version no. 4

---

### 1. Programme title(s) and code(s):

BSc Economics & Business

BSc Economics & Business with a Year Abroad^

BSc Economics & Business with a Year in Industry^

HE Diploma in Economics & Business\*

HE Certificate in Economics & Business\*

Notes

\* An award marked with an asterisk is only available as an exit award and is not available for students to register onto.

^ Students may only enter this programme by approved transfer at the end of Year 1

#### [HECOS Code](#)

HECOS Code	%
100450	70
100078	15
100449	15

a)

#### UCAS Code (where required)

LN11

### 2. Awarding body or institution:

University of Leicester

### 3. a) Mode of study

Full-time

#### b) Type of study

Campus-based

### 4. Registration periods:

#### **BSc Economics & Business**

The normal period of registration is 3 years

The maximum period of registration 5 years

#### **BSc Economics & Business with a Year Abroad**

The normal period of registration is 4 years

The maximum period of registration 6 years

#### **BSc Economics & Business with a Year in Industry**

The normal period of registration is 4 years

The maximum period of registration 6 years

## 5. Typical entry requirements

Three A levels normally considered as a minimum. Two AS levels or vocational AS levels will be considered in place of an A level. General Studies and Critical Thinking not accepted.

A/AS Levels: ABB or equivalent including GCSE Maths at grade B or grade 5.

Access to HE course: Pass kite-marked course with a substantial number of level 3 credits at distinction, normally a minimum of 30 with some in Business or Economics. Students should also have GCSE Maths grade B..

European Baccalaureate: Pass with 77% overall.

International Baccalaureate: Pass Diploma with 30 points and 5 in SL maths.

Cypriot Apolytirion: 18.5/20 overall including 17 in Maths, plus grade B in 1 A-level.

French Baccalaureat: 13/20 overall with 13 in Maths. Students taking the international option 12/20 overall with 13 in maths.

Lithuanian Brandos Atestatas: Pass with grade 8.5 overall.

Chinese first year degree course: Normally, Pass with an average of 85% with good grades in relevant subjects.

Year Abroad variant: The condition for admission to the scheme will be an average mark of no less than 55% in year one. Students who meet these conditions will be invited to apply at the beginning of the second year of studies. Students will then be expected to maintain average marks of no less than 55% in their second year.

For the Year Abroad variants, students will not be admitted directly to these programmes but will be able to transfer to the programme on application for a year abroad during the second year of the BA programme under the following conditions:

- Have an overall average of 55 or higher in the first year
- Have an overall average of 55 or higher in the second year
- Must not have any failed modules in order to progress to the year abroad.

*\*If you have mitigating circumstances that affect your results, you may request that your circumstances be taken into consideration.*

For those on the year in industry, see [additional programme specification content for Year in Industry programmes](#)

## 6. Accreditation of Prior Learning

Direct entry into the second year may be possible for those with advanced qualifications strictly comparable with our degree structure.

## 7. Programme aims

The programme aims to:

- Provide a detailed knowledge, and critical awareness, of the main ideas, concepts, models and principles in economic analysis, and of their relevance to a variety of business and

financial decision contexts; to develop quantitative and Communications and Information Technology skills, and the ability to apply these in business contexts.

- Develop skills in quantitative economic analysis through the use of standard mathematical and statistical techniques and their application to economic problems and data.
- Increase a graduate's marketability by: encouraging intellectual development, critical ability, research skills, communication skills and confidence in problem recognition, formulation and solution; and by promoting awareness of the general business and financial environment and current business issues.
- Prepare students for a wide range of careers such as government service, business management, financial services and postgraduate study in economics or a related area.
- Develop skills of written and oral presentation, team working, information handling, use of information technology and skills for lifelong learning.
- Provide students who enter the Year Abroad programme the experience of learning in a different cultural environment.
- Provide students who enter the Year in Industry programme with opportunities to obtain relevant work experience and support them in developing a portfolio to demonstrate learning outcomes. Also to enable these students to learn directly about business and the professional application of their studies.

#### **9. Programme Outcomes**

Unless otherwise stated, programme outcomes apply to all awards specified in 1. Programme title(s).

**a) Discipline specific knowledge and competencies**

i) Mastery of an appropriate body of knowledge

<b>Intended Learning Outcomes</b>	<b>Teaching and Learning Methods</b>	<b>How Demonstrated?</b>
Demonstrate knowledge of the main ideas, concepts, models and principles in underlying economic and business analysis and core issues in micro and macroeconomics.	Lectures and seminars and formative feedback particularly on the core modules EC1000, EC1001, EC2045, EC2046, EC3098, MN3104 and any of the management-related optional modules MN2120, MN2108, MN2110 and MN2116.  Lectures, seminars and formative feedback particularly on modules EC1005, EC1007, EC1008, EC1009	Demonstrated through the assignments delivered through the core modules identified.  Demonstrated through achieving a pass mark in the mid-term tests and then the final exam on the core mathematics and statistics modules in year 1 and 2.
Demonstrate knowledge of standard mathematical and statistical techniques and their application to economics and business.	Lectures and seminars and formative feedback particularly on the core modules EC1000, EC1001, EC2045, EC2046, EC3098, MN3104 and any of the management-related optional modules MN2120, MN2108, MN2110 and MN2116.  Lectures, seminars and formative feedback particularly on modules EC1005, EC1007, EC1008, EC1009	Demonstrated through the assignments delivered through the core modules identified.  Demonstrated through achieving a pass mark in the mid-term tests and then the final exam on the core mathematics and statistics modules in year 1 and 2.

ii) Understanding and application of key concepts and techniques

<b>Intended Learning Outcomes</b>	<b>Teaching and Learning Methods</b>	<b>How Demonstrated?</b>
Explain economic and business models and apply them appropriately. Employ quantitative economic and business analysis.	Lectures, seminars and formative assessments across all modules across the programme.  Workshops held in computer labs designed to demonstrate to the 'how' in relation to economic quantitative modeling	Through exam performance but also in oral presentations and analyses of problem solving sets.  Through assessment, in particular EC1009, EC2010 and EC2011.
Demonstrate the ability to apply economic/financial/mathematical theories and techniques in a work place setting (Year in Industry variant only).*  *The extent to which a student will have the opportunity to do this will vary according to the type of placement.	Developing the ability to apply economic/financial/mathematical theories and concepts to real world situations within the work environment (Year in Industry variant only).	Reflective log, skills audit, employer feedback and final report/presentation (Year in Industry variant only).

iii) Critical analysis of key issues

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Critically analyse economic and business arguments and relate them to current issues.	All modules across the programme and as part of on-going professional development but specifically on EC1025 and EC3004	Engagement in debates within lectures and seminars as formative assessment but also in summative assessments in particular the on-going reflective development of the Leicester Award and Leicester Award Gold and the Research in Economics assignment.

iv) Clear and concise presentation of material

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Produce clear and concise economic and business arguments and models.	Years 1, 2 and 3: Lectures, tutorials, seminars, formative & summative feedback.  Intensity of the problem solving sets increases over the course of the programme to ensure knowledge is cumulatively developed, retained and operationalized.	Assessed through a range of written reports and data analyses problem sets throughout years 1, 2 and 3.
Produce clear and concise quantitative analysis applied to business.	Years 1, 2 and 3: Lectures, tutorials, seminars, formative & summative feedback.  Intensity of the problem solving sets increases over the course of the programme to ensure knowledge is cumulatively developed, retained and operationalized.	Assessed through a range of written reports and data analyses problem sets throughout years 1, 2 and 3.
Write an extended original research report.	Developed through seminar classes and lectures in preparation for the assignment on EC3004	Attainment on EC3004 Research in Economics assignment which is an extended independent piece of work.

v) Critical appraisal of evidence with appropriate insight

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Critically appraise relevant economic research including business.	Years 1, 2 and 3: Lectures, tutorials, seminars, formative & summative feedback.  Workshops and computer labs.  Maths Support Sessions	Attainment in EC3004 Research in Economics

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Critically appraise the results from quantitative economic and business analysis.	Years 1, 2 and 3: Lectures, tutorials, seminars, formative & summative feedback.  Workshops and computer labs.  Maths Support Sessions	Attainment in EC3004 Research in Economics

vi) Other discipline specific competencies

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
N/A	N/A	N/A

**b) Transferable skills**

i) Oral communication

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Prepare and present concepts, arguments or analysis orally.	Seminar and assessment support across all years of study.  Content delivered through the engagement strategy including employability skills.  Leicester Award and Leicester Award Gold provision.  Scaffold approach to the format of assessment.	Formative: Contribution to tutorials and seminars.  Summative assessment on EC1025, EC3004
Produce clear visual aids to accompany an oral presentation.	Seminar and assessment support across all years of study.  Content delivered through the engagement strategy including employability skills.  Leicester Award and Leicester Award Gold provision.  Scaffold approach to the format of assessment.	Formative: Contribution to tutorials and seminars.  Summative assessment on EC1025, EC3004
Application of oral communication skills within the work environment and in presentation (Year in Industry variant only).	Developing oral communication skills in the work environment (Year in Industry variant only).	Reflective log and final report/presentation (Year in Industry variant only).

ii) Written communication

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Produce clearly written material with appropriate use of evidence.	Year 1: Induction Programme and Study Skills Support material.  Years 1, 2 and 3: Lectures, tutorials, seminars, formative & summative feedback, module handbooks.	Formative assessment, coursework, exams, Research in Economics (EC3004).
Application of written communication skills within the work environment and in report writing (Year in Industry variant only).	Developing written communication skills in the work environment (Year in Industry variant only).	Reflective log and final report/presentation (Year in Industry variant only).

iii) Information technology

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Use word processing in the preparation of written work.	Year 1: Induction Programme and Study Skills Support material.  Years 1 and 2: Computer classes  Year 3: Research in Economics Project	Formative: Contribution to computer classes.  Summative: written reports and data analysis skills in relation to problem sets.
Use the internet to access appropriate information.	Year 1: Induction Programme and Study Skills Support material.  Years 1 and 2: Computer classes  Year 3: Research in Economics Project	Formative: Contribution to computer classes.  Summative: written reports and data analysis skills in relation to problem sets.
Use spreadsheets for data presentation and analysis.	Year 1: Induction Programme and Study Skills Support material.  Years 1 and 2: Computer classes  Year 3: Research in Economics Project	Formative: Contribution to computer classes.  Summative: written reports and data analysis skills in relation to problem sets.
Use specialist packages for statistical analysis.	Year 1: Induction Programme and Study Skills Support material.  Years 1 and 2: Computer classes  Year 3: Research in Economics Project	Formative: Contribution to computer classes.  Summative: written reports and data analysis skills in relation to problem sets.

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Application of information technology skills within the work environment and in presentation (Year in Industry variant only).	Developing IT skills in the work environment through project work and student portfolio (Year in Industry variant only).	Reflective log, skills audit, employer feedback and final report/presentation (Year in Industry variant only).

iv) Numeracy

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Employ general numerical, mathematical and statistical skills.	Years 1, 2 and 3: Lectures, tutorials, seminars, computer classes, formative & summative feedback.	Formative assessment, coursework, exams, Research in Economics (EC3004)
Application of numeracy skills within the work environment (Year in Industry variant only).	Developing numeracy skills in the work environment through project work (Year in Industry variant only).	Reflective log, skills audit, employer feedback and final report/presentation (Year in Industry variant only).

v) Team working

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Demonstrate basic team working skills.	Years 1, 2 and 3: Lectures, tutorials, seminars, computer classes.	Group-based coursework on EC1025, EC2011, MN2120 and in relation to the reflections as part of the Leicester Award and Leicester Award Gold.
Application of team building skills within the work environment (Year in Industry variant only).	Developing team building skills in the work environment through project work (Year in Industry variant only).	Reflective log, skills audit, employer feedback and final report/presentation (Year in Industry variant only).

vi) Problem solving

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Demonstrate problem formulation and solution.	Years 1, 2 and 3: Lectures, tutorials, seminars, formative & summative feedback.  Maths Support Sessions	Formative assessment, coursework, exams and mid-term tests. In particular, problem sets and data analysis assignments are relevant.
Application of problem solving skills within the work environment (Year in Industry variant only).	Developing problem solving skills in the work environment through project work and applying theories and concepts to real world situations (Year in Industry variant only).	Reflective log, skills audit, employer feedback and final report/presentation (Year in Industry variant only).

vii) Information handling

<b>Intended Learning Outcomes</b>	<b>Teaching and Learning Methods</b>	<b>How Demonstrated?</b>
Find and use appropriate information from a variety of sources.	Years 1, 2 and 3: Lectures, tutorials, seminars, computer classes, formative & summative feedback.  Developed specifically through the on-line academic misconduct course embedded in EC1000.	Formative assessment, coursework, exams, Research in Economics assignment.
Application of information handling skills within the work environment (Year in Industry variant only).	Developing data handling in the work environment through project work (Year in Industry variant only).	Reflective log, skills audit, employer feedback and final report/presentation (Year in Industry variant only).

viii) Skills for lifelong learning

<b>Intended Learning Outcomes</b>	<b>Teaching and Learning Methods</b>	<b>How Demonstrated?</b>
Collect and apply new ideas and concepts.	Year 1: Induction Programme and Study Skills Support material.  Years 1, 2 and 3: Lectures, tutorials, seminars, computer classes, formative & summative feedback, module handbooks.	Formative assessment, coursework, exams, Research in Economics assignment.  Ability to hand-in work on time, arrive at exams prepared and anticipating challenge.
Combine new knowledge and techniques with prior understanding.	Year 1: Induction Programme and Study Skills Support material.  Years 1, 2 and 3: Lectures, tutorials, seminars, computer classes, formative & summative feedback, module handbooks.	Formative assessment, coursework, exams, Research in Economics assignment.  Ability to hand-in work on time, arrive at exams prepared and anticipating challenge.
Demonstrate and produce independent work.	Year 1: Induction Programme and Study Skills Support material.  Years 1, 2 and 3: Lectures, tutorials, seminars, computer classes, formative & summative feedback, module handbooks.	Formative assessment, coursework, exams, Research in Economics assignment.  Ability to hand-in work on time, arrive at exams prepared and anticipating challenge.
Demonstrate time management skills through adhering to deadlines.	Year 1: Induction Programme and Study Skills Support material.  Years 1, 2 and 3: Lectures, tutorials, seminars, computer classes, formative & summative feedback, module handbooks.	Formative assessment, coursework, exams, Research in Economics assignment.  Ability to hand-in work on time, arrive at exams prepared and anticipating challenge.

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Use a variety of sources of knowledge appropriately.	Year 1: Induction Programme and Study Skills Support material.  Years 1, 2 and 3: Lectures, tutorials, seminars, computer classes, formative & summative feedback, module handbooks.	Formative assessment, coursework, exams, Research in Economics assignment.  Ability to hand-in work on time, arrive at exams prepared and anticipating challenge.
Demonstrate ability to learn in a different cultural environment (Year Abroad variant only).	Year Abroad variant only: Lectures, seminars, tutorials, feedback while studying in the host institution.	Year Abroad variant only: Exams and coursework in the host institution.
Application of a variety of employability and transferable skills (some outlined already above) within the work environment (Year in Industry variant only).	Developing a variety of employability and transferable skills through responsibilities associated with their work placement (Year in Industry variant only).	Reflective log, skills audit, employer feedback and final report/presentation (Year in Industry variant only).
Demonstrate the ability to think reflectively about personal and professional development (Year in Industry variant only).	Developing a variety of employability and transferable skills through responsibilities associated with their work placement (Year in Industry variant only).	Reflective log, skills audit, employer feedback and final report/presentation (Year in Industry variant only).
Demonstrate professional behaviour in the work environment (Year in Industry variant only).	Developing a variety of employability and transferable skills through responsibilities associated with their work placement (Year in Industry variant only).	Reflective log, skills audit, employer feedback and final report/presentation (Year in Industry variant only).

## 10. Progression points

This programme follows the standard Scheme of Progression set out in [Senate Regulations](#) – see the version of Senate Regulation 5 governing undergraduate programmes relevant to the year of entry.

The following additional progression requirements for this programme have been approved:

### Year Abroad Variant

Students who meet the conditions set out in section 5 will be invited to apply at the beginning of the second year of studies. Students will then be expected to maintain average marks of no less than 55% in their second year.

*\*If you have mitigating circumstances that affect your results, you may request that your circumstances be taken into consideration.*

For those on the year in industry, see [additional programme specification content for Year in Industry programmes](#)

In cases where a student has failed to meet a requirement to progress, he or she will be required to withdraw from the course

**a) Course transfers**

N/A

**11. Criteria for award and classification**

This programme follows the standard scheme of undergraduate award and classification set out in [Senate Regulations](#) – see the version of *Senate Regulation 5 governing undergraduate programmes* relevant to the year of entry.

**12. Special features**

- A four-day induction programme in the first week of Year 1.
- A formal employability skills development programme in year 1
- Study of core microeconomic and macroeconomic theory and applications at progressively rising levels of analytical and technical complexity.
- Provision of a broad range of optional modules that apply economic analysis, in diverse ways, to a variety of specialist subjects enabling students to focus on areas of interest.
- Academic supervision of an extended research project, in an economics-related topic of the students' own choosing, resulting in a professional-style written dissertation.
- The option of a four-year 'with a Year Abroad' degree programme, with a third year spent studying at an overseas partner University either in a foreign language or in English (see below).
- The option of a four-year 'with a Year in Industry' degree programme (see below).

**13. Indications of programme quality**

- University Academic Review
- External examiners reports
- First Destination careers statistics
- Exemptions from Business Economics professional exams with the Chartered Institute of Management Accountants (CIMA)

**14. External Examiner(s) reports**

The details of the External Examiner(s) for this programme and the most recent External Examiners' reports for this programme can be found at [exampapers@Leicester](mailto:exampapers@Leicester) [log-in required]

## Programme Specification (Undergraduate)

FOR ENTRY YEAR: 2020/21

Date created: 26/11/2020

Last amended: 16/03/2023

Version no. 4

### Appendix 1: Programme structure (programme regulations)

The University regularly reviews its programmes and modules to ensure that they reflect the current status of the discipline and offer the best learning experience to students. On occasion, it may be necessary to alter particular aspects of a course or module.

BSc Economics & Business

**Level 4/Year 1      2020/21**

Credit breakdown

Status	Year long	Semester 1	Semester 2
Core	30 credits	45 credits	45 credits
Optional	n/a	n/a	n/a

120 credits in total

### Notes

For Semester 1, choose 3 modules

For Semester 2, choose 2 modules

### Updates to the programme

Academic year affected	Module Code(s)	Update
2022/3	EC3005	Addition of new optional module in Semester 1
2023/24	EC3005	Removal of optional module
2023/24	EC3099	Addition of Semester 2 option module

### **BSc Economics & Business with a Year Abroad**

Students may only enter this course by meeting the criteria outlined above in section 10.

#### FIRST AND SECOND YEAR MODULES

As for the first and second year of BSc Economics & Business.

#### THIRD YEAR MODULES

- 1) Students will spend one academic year studying at one of our overseas partner Institutions between the second and final years of their degree programme.
- 2) During their placement students are expected to undertake modules worth the equivalent of 120 credits at the University of Leicester. For European Institutions this is normally equal to at least 40 ECTS credits, and for Universities elsewhere in the world this is normally equivalent to eight academic modules.
- 3) Modules selected during the year abroad must be approved by the Department of Economics and must be in subject areas relevant to a students' degree programme. The selected modules cannot be identical to those that have already been studied, or will be studied upon returning to Leicester for the final year.
- 4) Students who do not satisfactorily complete their year studying abroad will be transferred to the non-Year Abroad degree path for their final year.
- 5) Students will have up until the end of the second week of the first term of their third year to transfer to the non-Year Abroad degree voluntarily. After this point students who are not able to complete their year abroad will re-join the non-Year Abroad degree in the following year.

#### FOURTH YEAR MODULES

As for the third year of BSc Economics & Business.

### **BSc Economics & Business with a Year in Industry**

Students may only enter this course by meeting the criteria outlined above in section 10.

#### FIRST AND SECOND YEAR MODULES

As for the first and second year of BSc Economics & Business.

### THIRD YEAR MODULES

- 1) Students will work within a sponsoring company for a minimum of 9 months between 1 July of the second year of their course and the start of the following academic year.
- 2) During their placement students will undertake a programme of training and practical experience which will be agreed by the sponsoring company and the University.
- 3) During the placement students' progress will be monitored through a variety of activities including the maintaining of a regular log. Students will complete a report and will be expected to make a presentation towards the end of their placement. The report and presentation are requirements for the awarding of the degree but are not part of the formal assessment for the degree.
- 4) Students who do not satisfactorily complete their industrial placement year will be transferred to the non-Industry degree path.
- 5) Students will have up until the end of the second week of the first term to transfer to the non-Industry degree voluntarily. After this point students who are not able to complete their year in industry will re-join the non-Industry degree in the following year.

### FOURTH YEAR MODULES

As for the third year of BSc Economics & Business.

### **Appendix 2: Module specifications**

See undergraduate [module specification database](#) (Note - modules are organized by year of delivery).
