10. Progression points

Students are required to complete 120 credits of taught modules delivered over two semesters each academic year (a total of 60 credits must be studied in each semester).

The rules governing progression are defined in <u>Senate Regulation 5</u>: Regulations governing undergraduate programmes of study. Legal foundation modules must be passed at 40%.

In cases where a student has failed to meet a requirement to progress he or she will be required to withdraw from the programme.

Application to Transfer to LLB Law with Politics (with a Year Abroad)

Students are invited to apply at the end of their first year to transfer to the LLB Law with Politics with a Year Abroad. Students are selected on the basis of their first year average of 50%* and above with those obtaining the highest average having priority. In addition, performance is also reviewed, taking into account such indicators as attendance and observation of academic obligations. Absence from tutorials without mitigating circumstances and non-submission of required coursework would be examples of poor performance and would result in an application being rejected.

*please note some partner institutions may require a higher first year average to be achieved.

Progression from 2nd year to year abroad

Students may progress to the year abroad with no more than 30 credits of failed modules in year 2. Good attendance and observation of academic obligations must continue to be maintained throughout year 2. Failure to do so may result in the opportunity to study abroad being withdrawn and the student being transferred back to LLB Law with Politics or withdrawn from the programme entirely.

For the year abroad year students are required to complete the equivalent of 60 ECTS if studying at a European partner institution or an equivalent number of credits at one of the International partner institutions as agreed between the Law School and the partner Law School.

In cases where a student has failed to meet a requirement to progress he or she will be required to withdraw from the LLB programme.

Progression from year abroad to final year

Students who have failed up to 20 credits at level 1 and have exhausted all reassessment opportunities for those credits may proceed to their final year of study providing they have passed at least 100 credits at level 2 with a mark of 40% or higher, following any reassessment opportunities as required.

Students at the end of their penultimate level of study who have failed modules which contribute towards the classification of their award, and who have exhausted their re-sit opportunities for these modules, may proceed to the final year of the programme carrying a maximum of 30 credits of failed modules. The Board of Examiners may prevent a student from progressing while carrying failed modules, if those modules are deemed as being essential pre-requisites for final level study. In such cases the student's programme of study shall be terminated.

In addition, for a student to progress to the final year of the LLB Law with Politics with a Year Abroad programme the following will apply:

- i) Erasmus Exchange: Students are required to attempt approved credits of 60 ECTS as agreed by the Law School. In order to pass the year students must achieve a credit weighted average of 50% for the year, including any resit options as per the partner institution's rules by the August Board of Examiners. If a student fails to achieve a credit weighted average of 50%, the Board will consider whether the student should have to transfer on to LLB Law with Politics for his/her final year taking into account overall attendance and observation of academic obligations.
- Study Abroad Exchange: Students are required to attempt an academic load equivalent to 120 Leicester credits as agreed by the Law School. In order to pass the year students must achieve a credit weighted average of 50% for the year, including any resit options

as per the partner institution's rules by the August Board of Examiners. If a student fails to achieve a credit weighted average of 50%, the Board will consider whether the student should have to transfer on to the LLB Law with Politics for his/her final year taking into account overall attendance and observation of academic obligations.

The year abroad does not contribute towards the overall classification, and will therefore be assessed on a pass or fail basis.

Transfers from the degree of LLB Law with Politics

Students who have passed first or second year assessments of the LLB Law with Politics may, on giving notice in writing to the School not later than the beginning of the first semester of the next academic year, transfer to the second or final year of the LLB in Law, as the case may be.

Students transferring to the final year of the LLB in Law shall be credited with the 30 credits obtained in Politics modules in the second year and these credits will be attributed to the Part 1 Final Examination.

11. Scheme of Assessment

This programme follows the standard scheme of award and classification set out in <u>Senate</u> <u>Regulation 5</u>.
