

1. Programme title(s) and UCAS code(s):

- BA Marketing NN25
- BA Marketing with Year Abroad NN25
- BA Marketing with a Year in Industry NN25
- Major in Marketing
- Major in Marketing with a Year Abroad
- Major in Marketing with a Year in Industry
- Minor in Marketing

2. Awarding body or institution:

University of Leicester

3. a) Mode of study:

Full time

b) Type of study:

Campus-based

4. Registration periods:

The normal period of registration is three years, or four years on the Year Abroad or Year in Industry variants.

The maximum period of registration is five years, or six years on the Year Abroad or Year in Industry variants.

5. Typical entry requirements:

ABB at A level/320 points /International Baccalaureate: Pass Diploma with 32 points/GCSE Mathematics and GCSE English Language at grade C/European Baccalaureate: Pass Diploma with 77% overall.

For the Year Abroad variants, students will not be admitted directly to these programmes but will be able to transfer to the programme on application for a year abroad during the second year of the BA Marketing or the Major in Management programmes under the following conditions:

- Have an overall average of 55 or higher in the first year
- Must obtain at least an overall average of 60 or higher in semester one of the second year.
- Must not be carrying any failed modules at the end of the summer examination period of the second year
- Must be able to attend the full year abroad (at the host institution until August and may be required to start there mid-September the previous year)
- Accept responsibility as an ambassador of the University.

For the Year in Industry variants, students will not be admitted directly to these programmes but will be able to transfer to the programme during the second year BA Marketing or the Major in Management programmes under the following conditions:

- Have an overall average of 55 or higher in the first year
- Must not carry any failed modules forward into year 2
- Must have secured a role and the required due diligence has been completed by ULSB to formally confirm that the placement is suitable

6. Accreditation of Prior Learning:

Not applicable.

7. Programme aims:

The BA Marketing programme aims to

- Develop a critical understanding of modern marketing analysis, ideas and practices and their relevance to a variety of institutional and organisational contexts; to develop quantitative, communications and information technology skills, and the ability to apply these in organisational contexts
- Increase a graduate's marketability by: encouraging intellectual development, critical ability, research skills, communication skills and confidence in problem recognition, formulation and solution; and by promoting awareness of the general business and financial environment and current marketing issues
- Prepare students for career and training opportunities in marketing in both the private and public sectors and voluntary organisations; and to prepare those interested in postgraduate study for the transition to an increasingly independent regime of study and research.

The Major in Marketing aims to:

- Develop a critical understanding of modern marketing analysis, ideas and practices and their relevance to a variety of institutional and organisational contexts; to develop quantitative, communications and information technology skills, and the ability to apply these in organisational contexts
- Increase a graduate's marketability by: encouraging intellectual development, critical ability, research skills, communication skills and confidence in problem recognition, formulation and solution; and by promoting awareness of the general business and financial environment and current management issues
- Prepare students for career and training opportunities in marketing in both the private and public sectors and voluntary organisations; and to prepare those interested in postgraduate study for the transition to an increasingly independent regime of study and research.

The Year Abroad variants also aim to:

- Enable students to experience contemporary marketing ideas from a European perspective in a supportive environment.
- Develop students' working knowledge of a European language other than English.
- Encourage a thoughtful and mature approach to all aspects of study and life, creating graduates with broad experiences and horizons.
- Enhance employability of graduates by their knowledge of other contexts of marketing education, foreign languages and different business cultures.

The Year in Industry variants also aim to:

- Enable students to gain direct experience of working in relevant roles during their PY.
- Develop a better appreciation of both the application and the context of their academic studies.
- Provide students with career insights by enabling them to undertake a formal role within a professional organisation whilst contributing to its performance at the same time.

The Minor in Marketing aims to:

- Develop a critical understanding of modern marketing analysis, ideas and practices and their relevance to a variety of institutional and organisational contexts
- Increase a graduate's marketability by: encouraging intellectual development, critical ability, research skills, communication skills and confidence in problem recognition, formulation and solution; and by promoting awareness of current management issues.

<p>Ability to design, undertake and present an independent piece of work focused on a particular marketing issue.</p>	<p>Final year dissertation.</p>	<p>Dissertation research.</p>

Minor in Marketing		
Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
<i>(b) Transferable skills</i>		
(i) Oral communication		
<p>Ability to make oral presentations and to respond effectively to questioning.</p> <p>Ability to participate effectively in group discussions with other students and tutors.</p>	Seminars, group problem-solving exercises, case studies and presentations.	Oral presentations.
(ii) Written communication		
<p>Ability to use language in a written format in a manner appropriate for academic audiences.</p> <p>Ability to be clear, fluent and coherent in written expression of management issues and debates.</p>	Seminars, independent research.	Essay assignments, examinations and dissertation research.
(iii) Information technology		
Ability to source, analyse and present materials clearly and effectively using appropriate IT resources, including but not limited to Blackboard, search databases, etc	Lectures, practical classes, group work and independent research.	Oral presentations, essay assignments, and dissertation research.
(iv) Numeracy		
Ability to construct, analyse and interpret quantitative data including accounts, in an academic context.	Lectures, practical classes, group work and independent research.	Oral presentations, essay assignments, and dissertation research.

Minor in Marketing		
Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
(v) Team working		
<p>Ability to work collaboratively, effectively and responsibly in groups.</p> <p>Ability to know how and when to draw on the knowledge and expertise of others.</p> <p>Ability to contribute and comment on ideas when involved in group work.</p>	<p>Tutorials, group problem-solving exercises, case studies and presentations. Self-directed group work.</p>	<p>Group assignments.</p>
(vi) Problem solving		
<p>Ability to refine problems into researchable questions.</p> <p>Ability to identify and locate relevant data and source material.</p> <p>Ability to use material to address problem and come up with answers or solutions.</p>	<p>Tutorials, group problem-solving exercises, case studies and presentations. Research methods classes and independent research, particularly that supported by dissertation supervision.</p>	<p>Oral presentations, essay assignments, independent research work and dissertation research.</p>
(vii) Information handling		
<p>Ability to locate, organise and marshal evidence and relevant data, report on findings, analyse complex ideas/knowledge and understand critical arguments in an academic context.</p>	<p>Lectures, tutorials, exercises (including computer-based), group work, directed reading, independent study and final year dissertation.</p>	<p>Oral presentations, essay assignments, independent research work and dissertation research.</p>

Minor in Marketing		
Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
(viii) Skills for lifelong learning		
Demonstrate intellectual independence through successfully conducting independent study and research tasks.	Lectures, tutorials, exercises (including computer-based), group work, directed reading, independent study and final year dissertation.	Independent research work, dissertation research. Curriculum vitae.

10. Excluded combinations and course transfers

a) Excluded combinations

The common first year model for BA Management, BA Marketing, BA Human Resource Management means that it is not possible to register in year 1 on any combination of the minor/major pathways offered within these discipline areas. However, students can proceed with any combination of major/minor pathways from the outset of year 2. This does not impact the first-year availability of pathways to students outside the school or Accounting and Finance pathways.

b) Course transfers

Our policy is to accept student transfers into our BA Management Studies programme where they have successfully completed a first year on a similar programme at another university. This will also apply to students seeking transfers into the major. We will vary this slightly for students wishing to transfer into the minor, so that they will need to have successfully completed modules elsewhere which map to Foundations of Management and Introduction to Marketing. Any transfers will be done on a case by case basis and obviously are also numbers dependent.

11. Criteria for award and classification

As defined in [Senate Regulation 5](#): Regulations governing undergraduate programmes of study.

12. Progression points:

Senate Regulation 5: Regulations governing undergraduate programmes of study:

<http://www2.le.ac.uk/offices/sas2/regulations/documents/2012-13/senatereg5-undergraduates.pdf>

In cases where a student has failed to meet a requirement to progress he or she will be required to withdraw from the course.

For the Year Abroad variants, students will not be admitted directly to these programmes but will be able to transfer to the programme on application for a year abroad during the second year of the BA Marketing or the Major in Management programmes under the following conditions:

- Have an overall average of 50 or higher in the first year
- Must obtain at least an overall average of 60 or higher in the second year.
- Must not be carrying any failed modules at the end of the summer examination period of the second year
- Must be able to attend the full year abroad (at the host institution until August and may be required to start there mid-September the previous year)
- Accept responsibility as an ambassador of the University.

Students will not be admitted directly onto the Year in Industry variants but will transfer over during the second year of the BA Marketing or Major in Marketing once they have achieved an average of 55% or above in Year 1 with no module failures carried forward into year 2.

Students will revert back to the degree without YI if:

- They fail to pass the assessment (reflective report) related to the Year in Industry
- The YI ends early due to the behaviour of the student not being in accordance with the University's Regulations for Students, Student Responsibilities. The student will need to suspend for the remainder of the academic year. To prevent such an incident from happening processes will be put in place to identify any possible problems at an early stage including Week 1 contact with student and employer, monthly ongoing contact, one site visit

plus a Skype visit, clear instructions in placement briefing for student and employer to contact School should issues arise. This follows the established good practice and the documentation in the College of Science and Engineering

- If they discontinue their YI. A student can return to their campus-based studies no later than the end of teaching week 2 should they decide to discontinue their YI as per the Change of Degree Form. If a student decides to discontinue their YI after this point they will need to suspend their studies for the remainder of the academic year.
- Nine months is the minimum time required for a placement to be formally recognised. If the placement is terminated through no fault of the student earlier than 9 months the following process will be adopted:
- If the student has completed 1 – 6 months they will be fully supported to search for another placement to take them up to the 9 months required for the Year in Industry to be formally recognised. If students do not find a placement to meet this criteria they will be required to suspend and transferred onto the normal variant
- If the student has completed 7-8 months they will be fully supported to search for another placement to take them up to the 9 months required for the Year in Industry to be formally recognised. If students cannot source an additional placement to take them to 9 months, assessments related to the placement will be set for the student to make it possible for the individual learning objectives for the placement year to be met. This will allow the PY to be recognised in the degree certificate
- Students will not be permitted to undertake a placement which runs across two academic years
- To minimise the risk of early termination of placement processes will be put in place to identify any possible problems at an early stage including Week 1 contact with student and employer, monthly ongoing contact, one site visit plus a Skype visit, clearing instructions in placement briefing for student and employer to contact School should issues arise. This will follow the established good practice which the College of Computer Science and Engineering have established and will adopt their formal documentation to support this.

13. Scheme of Assessment

The primary teaching methods are lectures and seminars across BA Marketing (and associated variants and pathways); the programme provides foundational material via lectures and allow students to discuss, analyse, expand on and query this material in seminars. Regarding assessment, we use a combination of individual and group assignments of various types, including oral presentations, and examinations to ensure that we are able to assess all learning outcomes including those relating to transferable skills. Students on the single honours and the major pathways are required to complete a dissertation, which allows them to demonstrate research methods and skills acquired in previous modules as well as the subject expertise acquired throughout the programme

14. Special features:

None applicable.

15. Indications of programme quality

External Examiner Reports

First Destination careers statistics

16. External Examiner(s) reports

The details of the External Examiner(s) for this programme and the most recent External Examiners' reports for this programme can be found [here](#).

Programme Learning Outcomes NN25/NN2? with a placement year	
(a) Discipline specific knowledge and competencies	
<i>(ii) Understanding and application of key concepts and techniques</i>	
Real world application of theory and concepts to practice	X
<i>(iii) Critical analysis of key issues</i>	
Critical analysis of the relevant issues in practice	X
<i>(iv) Clear and concise presentation of material</i>	
Presentation both orally and in writing to colleagues and managers, meeting appropriate professional standards including structure, reflective content, clarity, succinctness and comprehensive response to questions.	X
(b) Transferable skills	
<i>(i) Oral communication</i>	
Ability to make oral presentations and to respond effectively to questioning during Placement Year (PY)	X
Ability to participate effectively in group discussions with managers and colleagues during PY	X
<i>(ii) Written communication</i>	
Ability to use language in a written format in a manner appropriate for professional audiences during PY.	X
Ability to be clear, fluent and coherent in written expression in a professional context during PY	X
<i>(iii) Information technology</i>	
Ability to source, analyse and present materials clearly and effectively using appropriate IT resources, including but not limited to Bloomberg, Blackboard, search databases etc.	X
<i>(iv) Numeracy</i>	
Ability to construct, analyse and interpret quantitative data in a professional context.	X
<i>(v) Team working</i>	
Ability to work well in groups, to draw appropriately on others' knowledge and expertise and to contribute and comment on ideas during group work in a professional context.	X
<i>(vi) Problem solving</i>	
Ability to use material to address problem and come up with answers or solutions.	X
<i>(vii) Information handling</i>	
Ability to locate, organise and marshal evidence and relevant data, report on findings, analyse complex ideas/knowledge and understand critical arguments in a professional context.	X
<i>(viii) Skills for lifelong learning</i>	
Ability to reflect upon behaviour and skills with a view to personal and professional development.	X
