## 7. Programme aims

The BA Business & Management programme aims to

- Develop a critical understanding of modern management analysis, ideas and practices and their relevance to a variety of institutional and organisational contexts; to develop quantitative, communications and information technology skills, and the ability to apply these in organisational contexts
- Increase a graduate's marketability by: encouraging intellectual development, critical ability, research skills, communication skills and confidence in problem recognition, formulation and solution; and by promoting awareness of the general business and financial environment and current management issues
- Prepare students for career and training opportunities in management (including marketing, human resource management, finance and accountancy) in the private and public sectors and voluntary organisations; and to prepare those interested in postgraduate study for the transition to an increasingly independent regime of study and research.

For the aims, learning outcomes and application criteria for the GCSA Year Abroad please see link in section 5.

For those on the Year in Industry, see [additional programme specification content for Year in Industry programme.](#)

The International Year One pathway aims to:

- Provide an alternative pathway for international students into the second year of the BA Management programme. Students on this pathway undertake an intensive set of modules, provided through our collaborative partner, that replicate the BA Management Studies first year. Students are further supported by an intensive Academic English language skills (AES) module.

### 10. Progression points

This programme follows the standard Scheme of Progression set out in [Senate Regulations](#) – see the version of Senate Regulation 5 governing undergraduate programmes relevant to the year of entry.

For the aims, learning outcomes and application criteria for the GCSA Year Abroad please see link in section 5.

For those on the year in industry, see [additional programme specification content for Year in Industry programmes](#)

In cases where a student has failed to meet a requirement to progress, he or she will be required to withdraw from the course

For students on the International Year One (IY1) programme:

- In addition to the same progression requirements as those on the BA Management Studies degree, students must also successfully pass the Academic English Skills (AES) module (a non-credit bearing, qualifying module) in order to progress from the first year, undertaken through a collaborative partner, to the BA Management Studies, or its Year in Industry or Year Abroad variants.

#### a) Course transfers

Our policy is to accept student transfers into our BA Business & Management programme where

they have successfully completed a first year on a similar programme at another university. Any transfers will be done on a case by case basis and obviously are also numbers dependent.

### **11. Criteria for award and classification**

This programme follows the standard scheme of undergraduate award and classification set out in [Senate Regulations](#) – see the version of *Senate Regulation 5 governing undergraduate programmes* relevant to the year of entry.

### **12. Special features**

For the International Year One (IY1) pathway only:

The students must complete an additional module – the Academic English Skills (AES) module, a non-credit bearing, qualifying module in order to progress to the second year of the BA Management Studies programme (as noted above under section 12).
