International Baccalaureate: Pass Diploma with 32 points

Cambridge Pre-U: D3/M2/M2 in Principal Subjects.

Leicestershire Progression Accord: BBB plus full

Accord Credits

BTEC Nationals: Full Diploma with DDM.

Other Qualifications: Other national

and international qualifications welcomed. Mature students welcomed

Alternative qualifications considered.

For the aims, learning outcomes and application criteria for the GCSA Year Abroad please see <https://le.ac.uk/study/undergraduates/courses/abroad>

6. Accreditation of Prior Learning

Second Year Entry: Possible for those with advanced qualifications compatible with our degree structure.

7. Programme aims

The **programme** aims to:

- Provide students with the core content of the BA Media and Communication and the BA Sociology and to develop a distinctive programme within which students are able to explore and develop their interests in media and sociology specialist areas relating to staff research interests.
- Enable students to develop independent learning skills and autonomous thinking in conjunction with developing skills in critical analysis, communication, research methodologies, group work, leadership and employability.
- Provide a supportive and stimulating learning environment in which there is a strong sense of cohort.

For those on the Year Abroad:

- provide an opportunity for Leicester students to spend their third year abroad, studying at an overseas partner institution as part of the Study Abroad exchange programme;
- develop study skills in another university following a guided programme of learning for the period spent abroad;
- provide an opportunity for exchange students from partner institutions in another country to study in the United Kingdom;
- provide and build on links between the University of Leicester and its partner institutions
- develop an appreciation of the different approaches to the study of media and communication adopted by different types of scholars.

9. Programme Outcomes

a) Discipline specific knowledge and competencies

i) Mastery of an appropriate body of knowledge

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Summarise key debates within the fields of media and communication and sociology.	Lectures, tutorials, seminars, directed reading, independent research, resource-based learning.	Essays, examinations, dissertations, seminar presentations, contributions to discussions, problem-based exercises and reports, portfolios, online forums, online diaries, reflective commentaries.
[Year abroad] Acquire knowledge of different debates and schools of thought in an academic context abroad.		

ii) Understanding and application of key concepts and techniques

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Explain the complex role of media and communication within societies and the processes of social change.	Lectures, tutorials, seminars, directed reading, independent research, practical classes, team problem solving exercises, media production exercises.	Essays, examinations, dissertations, seminar presentations, contributions to discussions, problem-based exercises, computer-based exercises, portfolios, online forums, reflective commentaries.
Analyse the various approaches to understanding mass communication processes and key theoretical issues in sociology.	Tutorials, seminars, directed reading, independent research, practical classes, team problem solving exercises, media production exercises.	Essays, examinations, dissertations, seminar presentations, contributions to discussions, problem-based exercises, computer-based exercises, portfolios, online forums, reflective commentaries.
[Year Abroad] Understand and explain the complex role of media and communication within a specific social context abroad.		

iii) Critical analysis of key issues

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Analyse media and social processes and structures at national and international levels.	Lectures, tutorials, seminars, directed reading, independent research, team problem solving exercises, methods exercises.	Essays, examinations, dissertations, seminar presentations, contributions to discussions, problem-based exercises, computer-based exercises, portfolios, online forums, reflective commentaries.
Analyse the role of societal, cultural, economical and technological factors in the processes of mediated communication.	Lectures, tutorials, seminars, directed reading, independent research, team problem solving exercises, methods exercises.	Essays, examinations, dissertations, seminar presentations, contributions to discussions, problem-based exercises, computer-based exercises, portfolios, online forums, reflective commentaries.
Critically analyse issues relating to social justice.	Tutorials, seminars, directed reading, independent research, team problem solving exercises.	Essays, examinations, dissertations, seminar presentations, contributions to discussions, problem-based exercises, computer-based exercises, portfolios, online forums, reflective commentaries.
Critically evaluate the fields of media and sociology and how they relate to each other.	Tutorials, seminars, directed reading, independent research, team problem solving exercises.	Essays, examinations, dissertations, seminar presentations, contributions to discussions, problem-based exercises, computer-based exercises, portfolios, online forums, reflective commentaries.
[Year abroad] Demonstrate the ability to analyse media and communication processes and sociological approaches through different cultural contexts, political and social structures.		

iv) Clear and concise presentation of material

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Present problems relating to media and sociology in a variety of written and oral formats.	Tutorials, seminars, directed reading, independent research, team problem solving exercises.	Writing tasks, seminar presentations, contributions to discussions, portfolios, online forums.
Analyse and synthesise literature that addresses key debates within the fields of media and sociology.	Tutorials, seminars, directed reading, independent research, team problem solving exercises.	Writing tasks, seminar presentations, contributions to discussions, portfolios, online forums.

v) Critical appraisal of evidence with appropriate insight

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Use social scientific and humanistic methodologies to address research questions within the fields of media and sociology.	Lectures, tutorials, seminars, directed reading, independent research, team problem solving exercises, practical classes, methods exercises.	Essays, examinations, dissertations, seminar presentations, contributions to discussions, problem-based exercises, independent research projects, portfolios, online forums, reflective commentaries.
Develop and sustain scholarly arguments, formulating appropriate questions and utilising evidence.	Lectures, tutorials, seminars, directed reading, independent research, team problem solving exercises, methods exercises.	Essays, examinations, dissertations, seminar presentations, contributions to discussions, problem-based exercises, independent research projects, portfolios, online forums, reflective commentaries.
Critically evaluate scholarly texts and source materials.	Lectures, tutorials, seminars, directed reading, independent research, team problem solving exercises, practical classes, methods exercises.	Essays, examinations, dissertations, seminar presentations, contributions to discussions, problem-based exercises, independent research projects, portfolios, online forums, reflective commentaries.

vi) Other discipline specific competencies

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Design, research and present an Independently conceived research project.	Independent research, methods exercises.	Independent research projects, dissertations.

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
[Year Abroad] Demonstrate inter-cultural awareness and understanding		

b) Transferable skills

i) Oral communication

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Present material using appropriate resources, including visual, written and aural material.	Seminars, tutorials, team problem solving exercises.	Seminar presentations, contributions to discussions.

ii) Written communication

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Articulate ideas, information and debates through the use of clear and competent English, including the use of grammar, spelling, sentence construction and clear structure.	Lectures, tutorials, seminars, directed reading, independent research.	Essays, examinations, dissertations, seminar presentations, portfolios, online forums, reflective commentaries, independent research projects.

iii) Information technology

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Demonstrate competency with Information Technology and theoretical knowledge of its development and uses.	Study skills workshops, tutorials, seminars, directed reading, independent research, computer practical classes, methods exercises.	Essay, dissertations, independent research projects, online forums, computer-based exercises, methods exercise.

iv) Numeracy

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Demonstrate numeracy skills and use statistics in media and communication research.	Lectures, tutorials, seminars, directed reading, independent research, computer practical classes, methods exercises.	Essays, dissertations, independent research projects, computer-based exercises, methods exercises.

v) Team working

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Work in groups and develop skills in group management, leadership and peer responsibility. Learning in group situations.	Tutorials, seminars, team problem solving exercises.	Essays, dissertations, independent research projects, computer-based exercises, methods exercises.

vi) Problem solving

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Evaluate and address problems. Develop solutions and recognise further problems that might arise.	Lectures, tutorials, seminars, directed reading, independent research, computer practical classes, team problem solving exercises, methods exercises.	Essays, independent research projects, computer-based exercises, problem-based exercises.
Stimulate interest in problem solving.	Lectures, tutorials, seminars, directed reading, independent research, computer practical classes, team problem solving exercises, methods exercises.	Essays, independent research projects, computer-based exercises, problem-based exercises.

vii) Information handling

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Find and analyse new information.	Lectures, seminars, directed reading, independent research, computer practical classes, team problem solving exercises, methods exercises.	Essays, independent research projects, computer-based exercises, problem-based exercises.

viii) Skills for lifelong learning

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Manage time effectively.	Directed reading, independent research.	All of the above.
Work independently as well as in groups.	Lectures, tutorials, seminars, directed reading, independent research, practical classes, team problem solving exercises, methods exercises, media production exercises.	All of the above.

Intended Learning Outcomes	Teaching and Learning Methods	How Demonstrated?
Plan research and present results using oral and written communication.	Lectures, tutorials, seminars, directed reading, independent research, practical classes, team problem solving exercises, methods exercises, media production exercises.	All of the above.
[Year Abroad] Demonstrate strategies for self- monitoring and continued maintenance and development of skills in a different culture and institution.		

10. Progression points

This programme follows the standard Scheme of Progression set out in [Senate Regulations](#) – see the version of Senate Regulation 5 governing undergraduate programmes relevant to the year of entry.

In cases where a student has failed to meet a requirement to progress he or she will be required to withdraw from the course

Progression Points with a Year Abroad

According to Senate Regulation 5.29, in the case of four-year programmes in which the year out does not count towards the final classification, the second and fourth years are used in determining the degree class, according to the standard scheme for three year programmes.

Application to Transfer from single subject BA to BA with a Year Abroad

Students are invited to apply at the end of their first year to transfer to the BA with a Year Abroad. Students are selected on the basis of their first year average of 60% and above with those obtaining the highest average having priority. In addition, performance is also reviewed, taking into account such indicators as attendance and observation of academic obligations. Absence from tutorials without mitigating circumstances and non-submission of required coursework would be examples of poor performance and would result in an application being rejected.

Progression from 2nd year to year abroad

Students may progress to the year abroad with no failed modules in year 2 and with an average mark of 60% from year 1 and 2. Good attendance and observation of academic obligations must continue to be maintained throughout year 2. Failure to do so may result in the opportunity to study abroad being withdrawn.

Progression from year abroad to final year

For the year abroad year students are required to complete the equivalent of 60 ECTS if studying at a European partner institution or an equivalent number of credits at one of the International

partner institutions.

For a student to progress to the final year of the BA with a Year Abroad programme the student has to achieve an average of 50% for the whole year. If a student has failed to achieve an average of 50% for the year, including resit options as per the partner institution's rules, by the September Board of Examiners, the Board will consider whether the student should have to transfer on to the single subject BA for their final year, taking their overall attendance and observation of academic obligations into consideration.

a) Course transfers

Course transfers are decided on the basis of our general entry criteria. Each individual case will be evaluated by our admissions tutor and the UG Programme Director, as appropriate.

11. Criteria for award and classification

This programme follows the standard scheme of undergraduate award and classification set out in [Senate Regulations](#) – see the version of *Senate Regulation 5 governing undergraduate programmes* relevant to the year of entry.

12. Special features

The programme has strong profile in international and global media and communication, as well as in digital media and communication technologies.

Students may apply to transfer to the BA (with a Year Abroad) after successful completion of the first year and subsequent successful completion of the second year.

The BA with a Year Abroad provides for students spending their third year at one of our partner institutions and then returning to Leicester for their final year.

The list of partner institutions is subject to change at short notice.

The exchange is a 'cultural exchange', so that students cannot apply to study at a University in a country/region from which they originally come.

Applications to transfer on to the BA with a Year Abroad degree are made towards the end of the first year. Students are selected on the basis of their first year marks.

13. Indications of programme quality

The programme has consistently sustained a high level of student satisfaction with teaching and learning. Positive reports of the quality of the programme has been received from External Examiners who have noted, for example, the balance between core and elective subjects, the breadth of options, and the fact that "Teaching, learning and assessment are all of a very high standard."

14. External Examiner(s) reports

The details of the External Examiner(s) for this programme and the most recent External Examiners' reports for this programme can be found at [exam-papers](#) [log-in required]

Programme Specification (Undergraduate)

FOR ENTRY YEAR: 2022/23
