### **13. Indications of programme quality**

#### Modern Languages

External examiners' reports consistently emphasize the quality of the student learning experience and the high standard of teaching and of assessment. They also favourably comment on the careful design of our modules' intended learning outcomes and their meeting the requirements of the QAA benchmark statements in all its key elements.

Modern Languages at Leicester achieves regularly very high scores in the National Student Survey. In the 2017 NSS Modern Languages achieved an overall satisfaction score of 97.4% (JACS subject area of 'European Languages and Area Studies'). Students' comments praise in particular the vibrant and supportive student-staff community within Modern Languages.

Modern Languages at Leicester was ranked 8th nationally in the Guardian university league table 2017.

95% of the School's research is recognised internationally.

#### English

We are currently 28th in The Complete University Guide. We have consistently excellent results in the National Student Survey with ratings of 90% or over since the survey began in 2005, and 91% in 2016. Positive reports of the quality and efficiency of examinations and assessment procedures from External Examiners note, for example, that the School 'has an impressive range of forms of assessment across all three years', 'has good students who are being taught well across the board', and is 'delivering impressive feedback' and marking. In the 2012 Periodic Developmental Review (previously last conducted in 2004), the panel's report on the School was extremely positive: 'Throughout discussions with both staff and students the Panel noted a very collegial and student-centred approach to all the School's activities. The Panel particularly noted a culture of embedding the assurance of quality and standards into all areas of the School. The enhancement of the student experience was also actively encouraged and fostered. The Panel was impressed with the knowledge of the Chairs of the School's committees and their engagement with managing and enhancing the learning opportunities of students across the provision. The Panel also praised the leadership of the [then] Head of School who actively and knowledgeably oversaw the School's activity. The Panel had confidence in the management of quality assurance and quality enhancement processes in place within the School to assure the quality of the learning opportunities available to students and to comply with both the QAA Codes of Practice and the University Codes of Practice.

There are two main routes through the core language modules on this programme: One for students with well-developed abilities in a language other than English and their native language, and one for students without such abilities. The former group of students take the programme with advanced language skills; the latter group of students take the programme *ab initio*. For example, an advanced French student will take FR1010 Advanced French Language in year 1, followed by FR2010 Post-Advanced French Language in year 2. A beginners level student will take FR1020 French Beginners and FR1021 French Beginners in year 1 followed by FR2018 French Post-Beginners in year 2. These students will be taught together in final year language groups. The same pattern applies to other languages. Please see the diagrams below.

#### Notes:

1. *Optional modules are listed at the end of each year; they may be subject to change from year to year **and will not run if under-recruiting**.*
