

## Admissions statistics

Statistics for admission to the A100 Medicine MBChB course and A199 Medicine with Foundation Year course at Leicester Medical School.

### A100- MBChB- Five Year Course

- 'Graduate applicants' are those who have completed a degree or are in their final year of their degree
- 'Non-graduate applicants' are those who have not completed a degree or are not in the final year of a degree

### A100 September 2019 entry - number of offers

Fee status	Graduate/non-graduate	Applications	Interviews	Total offers
Home/EU	Graduate applicants	453	182	141
Home/EU	Non-graduate applicants	1616	966	676
Overseas	Graduate applicants	25	7	2
Overseas	Non-graduate applicants	211	86	33
	Total	2305	1241	852

### A100 September 2019 entry - scoring

Fee status	Graduate/non-graduate	Minimum score to be guaranteed to be invited to interview* (out of 64)	Interview score to be made an offer** (out of 135)
Home/EU	Graduate applicants	54.5	95 and above (those scoring 94-90 were a borderline group and did not guarantee an offer)
Home/EU	Non-graduate applicants	Achieved A-Levels- all applicants who met the entry requirements were invited to interview  54.5 for those with predicted A-levels	95 and above (those scoring 94-90 were a borderline group and did not guarantee an offer)
Overseas	Graduate applicants	53	95 and above (those scoring 94-90 were a borderline group and did not guarantee an offer)
Overseas	Non-graduate applicants	53 for those with predicted A-Levels Achieved A-Levels- all applicants who met the entry requirements were invited to interview	95 and above (those scoring 94-90 were a borderline group and did not guarantee an offer)

The split between graduate and non-graduate is as accurate as possible within reasonable time constraints for providing the information. The data is dependent on the information provided by the applicant. Applicants who apply while still completing their degree do not necessarily declare it as part of their qualifications as they have not yet completed it. In some cases, the fact that an applicant is a graduate is only mentioned at all in the reference, and the system does not report against information provided in a free text field that is not part of the scoring system.

Please note: graduate applicants were ranked separately from non-graduate applicants for invitation to interview purposes because of differences in the scoring system. However all applicants were ranked together when looking at interview scores.

\* The score listed is the lowest score required to be guaranteed to be invited to interview. There were some applicants who scored lower than this who were invited to interview. Those applicants were in a borderline group who had their application assessed in a tie-breaker situation. Please note: our scoring system can change every year, and as such, this score should in no way be deemed to be a minimum required every year to receive an invite to interview.

\*\* The score listed is the lowest score required to get an offer. Some of those achieving this score may have been in a borderline group who had a breakdown of their interview performance assessed as well as referring back to their application in a tie-breaker situation, therefore not all applicants achieving this score will have been given an offer. Please note: our scoring system can change every year, and as such, this score should in no way be deemed to be a minimum required every year to receive an offer.

Contextual data is used to provide equal opportunity to applicants from all backgrounds on our A100 course in the following ways.

Applicants who successfully complete a Realising Opportunities Programme (ROP) or the Leicester Enhanced Access Programme (LEAP or Med-LEAP) may receive academic bonus points in the scoring of their application if their school performed below the national average and, if successful at interview, may be made an adjusted offer of ABB at A-level.

Applicants who fall into a borderline group (either pre or post interview) will also be assessed using the following contextual data:

- a) POLAR 3 quintile 1 or 2, and attended a non-selective state school for GCSEs which has an Attainment Score 8 below the national average for the 2019 cycle. Department for Education performance tables will be used.
- b) Or Refugee status
- c) Or more than three months in local authority care, as well as their whole UCAS application and UKCAT result.

A few applicants with a lower interview score may receive a late offer if places became available during the cycle. Late offers are only made to applicants who have not accepted offers at another institution. These offers are given in order of interview score and assessment of all aspects of the application, including the personal statement.

## **A199- Medicine with Foundation Year- Six Year course**

### **A199 September 2019 entry - number of offers**

	Graduate/non-graduate	Applications	Interviews	Total offers
<b>East Midlands</b>	Predicted A-Level applicants	61	27	19
<b>East Midlands</b>	Achieved A-Level applicants	22	8	6
<b>National</b>	Predicted A-Level applicants	217	61	24
<b>National</b>	Achieved A-Level applicants	47	12	3
	Total	347	108	52

### **A199 September 2019 entry - scoring**

Fee status	Graduate/non-graduate	Minimum score to be guaranteed to be invited to interview* (out of 64)	Interview score to be made an offer** (out of 135)
<b>East Midlands</b>	Predicted A-Level applicants	42	90
<b>East Midlands</b>	Achieved A-Level applicants	All applicants who met the entry requirements were invited to interview	89
<b>National</b>	Predicted A-Level applicants	44.5	94
<b>National</b>	Achieved A-Level applicants	All applicants who met the entry requirements were invited to interview	97
