

GREAT MINDS GRAVITATE HERE

POSTGRADUATE
PROSPECTUS 2019/20

THE URGE TO KEEP LEARNING CAN COME FROM ANYWHERE

It's an exciting feeling – and one we're more than ready to nurture.

Leicester is one of the UK's top universities for postgraduate studies. Our courses are as far-reaching and flexible as you want them to be, and everything we do is underpinned by intensive research.

We know what it takes to tackle an ever-evolving workplace, to get to the next level professionally and personally, and to make a real-world impact on the academic front.

If you've got that curious, creative or career-focused spark – and you're ready to go one step further – we'll be right there with you.

FIVE REASONS TO CHOOSE LEICESTER

1. Your path to shape

No two postgraduate journeys are the same. That's why we offer a range of courses in more than 100 fields of study. You can learn full-time, part-time, on campus or off campus – whatever method suits you best.

2. The brightest minds

Progressive, research-driven and down to earth, our academics are some of the best in the world at what they do. Their work drives your curriculum, and in turn, opens up entirely new ways of thinking and learning.

3. Courses built for the future

Many of our courses are accredited or approved by external organisations and bodies. On top of this, our Career Development Service are with you from day one, giving you the support you need to achieve your goals.

4. A truly global outlook

We welcome postgraduate students from all over the world. When you graduate from Leicester, you'll leave with a world-class education and the beginnings of a network that spans the globe.

5. Support whenever you need it

Life as a postgraduate student can have its stressful moments. That's why we offer outstanding support services. From learning development to welfare support, health and childcare options – if you need help, we're on hand.

The MSc offered a very good combination of space science and engineering. The course was delivered by leading experts in their field.

CRISTINA MSc SPACE EXPLORATION SYSTEMS, PHYSICS AND ASTRONOMY

LEARNING YOUR WAY

At Leicester, learning is built around you. We believe flexibility and choice is incredibly important. Not just in the degrees and qualifications we offer, but also in the way you can study – whether it’s on campus, off campus, part-time or full-time.

On campus

Our campus is small enough to feel at home. Big enough to enjoy new experiences. We’ve got world-class facilities and a community as friendly as it is thriving. Plus, being located in the heart of the UK means we’re easy to get to, no matter where you’re coming from.

Off campus

Balancing life, work and study can be tricky. But at Leicester, we make help you find that balance. With off campus learning, you’ll gain the same qualifications as you would if you were on campus. It’s a convenient way to complete your studies part-time over two to three years.

We’ve been delivering off campus learning for over 25 years. Our system is well structured and supported, and with access to our virtual learning platform and range of online resources, you’ll never feel too far away.

YOUR OPTIONS

Postgraduate Certificates and Diplomas

Taught like a Master's degree, these courses offer a great way to build on your existing knowledge. Most last between five to nine months full-time, but many are also offered part-time.

Master's degrees

A Master's degree is a bigger step in the right direction. Alongside the taught elements of your course, you'll complete a dissertation or project on a related topic of your choice. Full-time Master's degrees usually take one year, while part-time programmes can last between two and four years.

Master's by Research (MRes)

If you're interested in pursuing a PhD or making a career out of research, an MRes is your ideal gateway. These courses are designed with project work in mind, and will help you develop the skills and experience you need to push further into your field.

Professional entry courses

If you're seeking entry into a regulated profession such as law, accounting or teaching, this is a great way of doing it. While you can study these disciplines at an undergraduate level, a professional entry course is ideal if you're coming from a different field.

CAMPUS LIFE

As a postgraduate student, you'll see life in an entirely new way. This is an opportunity to truly advance yourself.

Leicester isn't just where you'll get a world-class education – it's where you'll meet new people, revel in new experiences, and make some great memories along the way.

Choose to study on campus and you can make the most of our state-of-the-art facilities, social events, sports, volunteering opportunities and thriving arts scene.

Help and support whenever you need it

In our minds, it doesn't matter if you're continuing on from your undergraduate degree, or coming back after a few years out in the field – we'll do everything we can to make your postgraduate experience enjoyable.

The **Student Services Centre** is your first port of call for any advice, questions and information. All our services are free and our friendly staff are more than ready to help.

A place to call home

Wherever you're coming from, Leicester should feel like home – especially if you choose to live in our University accommodation.

We offer a range of self-catered packages designed specifically for postgraduate students, so there's sure to be a place that suits you and your budget.

Our living options are just a step away from campus, a 15-minute walk to the city, and a 10-minute walk to the train station and bus services. Leicester is also one of the most cycle-friendly cities in the UK.

www.le.ac.uk/accommodation-pg

Our Students' Union

It's in the heart of campus, and it's the heart of student life. You can go to the Students' Union if you want to join a club or society, get academic and welfare support, or to find information about what's happening around campus. Just by going to Leicester, you're already a member.

www.leicesterunion.com

Sport for all

Whether you're looking to stay fit and have fun or are an elite athlete, there are plenty of ways to make the most of our superb sports facilities. Work up a sweat in our state-of-the-art gyms, meet friends for a fitness class, or pull on the Team Leicester jersey and join our sports clubs in their pursuit of glory.

www.le.ac.uk/sports

A creative culture

Our Attenborough Arts Centre plays a large role in Leicester's arts and culture scene. See and take part in theatre, comedy, art, live music, dance, creative workshops and more.

www.attenborougharts.com

WELCOME TO THE CITY OF LEICESTER

Leicester is a city bursting with character, culture and colour. It's as affordable as it is friendly, and located right in the heart of the UK.

We're proud to say it also ranks as the second happiest city in the country. Given the amount of things you can do, see and experience here – this isn't too hard to believe.

I really enjoyed the variety of modules taught on my course and the statistical software packages gave a practical perspective.

MAHMOUD MSc FINANCIAL ECONOMICS

FEES, FUNDING AND SCHOLARSHIPS

When you're on top of your finances, it's much easier to focus on your studies and enjoy your time with us.

We have a number flexible payment options and sources of financial support available. We can also help you with any scholarships you might be eligible for, and bursaries or financial aid offered by governments, companies and charities.

Tuition fees

Our fees will vary between courses and modes of study (e.g. on campus or off campus), and whether you're a Home, EU or an international student. Some of our courses also have extra study costs for materials and field trips.

Full information on tuition fees, head to the course webpages.

Funding

Scholarships

Scholarships can have a big impact on your decision to study so we offer a generous range of our own, and have a number of links with external scholarship providers.

Scholarships become available at various times of the year, so make sure you check our website regularly to keep up to date.

www.le.ac.uk/scholarships-pg

OTHER FUNDING SOURCES

Alumni Loyalty Discount

If you've already completed an undergraduate degree (or PGCE course) with us, and you're a self-financing student, then you're entitled to 20% off course fees for all our postgraduate degrees – apart from PGCE courses.

www.le.ac.uk/scholarships-pg

Postgraduate loan (Home/EU Students)

If you're a Home/EU student, you can now get a Postgraduate Loan from the UK government to help you pay for your tuition fees and living costs. Whether you're studying full-time or part-time, you can apply for loan of up to £10,000.

www.gov.uk/postgraduateloan

Bank loans (Home Students)

Right now, there are a number of banks that offer professional and career development loans.

www.gov.uk/career-development-loans

Employer sponsorship

Already out in the field? Then your employer might be willing to fully or partially pay for your tuition fees – especially if it's in their best interests.

YOUR ENTRY REQUIREMENTS

Academic entry requirements

To give yourself the best possible chance of studying at Leicester, it's important to fully understand our entry requirements.

For a detailed breakdown on academic requirements, please see the course webpages.

International qualifications

We have plenty of experience evaluating qualifications from all over the world.

If you need advice on whether your qualifications meet our requirements, get in touch with our Postgraduate Admissions Team.

pgadmissions@le.ac.uk

Non-standard qualifications and professional experience

Other academic and professional qualifications and experience can be taken into account and in some cases form a key part of your entry requirements.

For more information, email us.
pgadmissions@le.ac.uk

English language requirements

To study at Leicester, you'll need to meet our English language requirements. These requirements vary depending on what you're studying so make sure you check the course webpage.

If you need a Tier 4 (General) visa for degree-level study in the UK, you'll need to meet the English language requirements set by the UK government. This is in addition to our requirements.

Find out more at the UKVI website and www.gov.uk/tier-4-general-visa

English language support

If you need to develop your English skills for academic study, we can help. Our English Language Teach Unit (ELTU) offers a range of services, including pre-sessional and in-sessional programmes.

Our ELTU is accredited by the British Council and is an Authorised Centre for University of Cambridge ESOL Examinations.

www.le.ac.uk/eltu

If you need a Tier 4 (General) visa for an English language pre-sessional programme, you must take a Secure English Language Test (SELT) at a UKVI approved centre.

A STEP-BY-STEP GUIDE TO YOUR APPLICATION

1. Visit www.le.ac.uk/courses-pg for course descriptions and details of all our postgraduate programmes.
2. Check that you meet our standard academic and English language entry requirements, as well as any additional requirements.
3. Draft a brief personal statement (up to 1,000 words) that tells us:
 - Why you want to study your chosen course
 - How your previous academic and/or professional experience has given you the skills needed to study at postgraduate level
 - How taking this course will support your personal and/or professional development plans.
4. Prepare all your supporting documents. Along with your application, you'll need to provide us with:
 - Two references (at least one of your referees must be able to comment on your academic abilities – e.g. a tutor from a previous course)
 - Copies of your degree/qualification certificates
 - Copies of your degree/qualification transcripts – showing modules taken and marks received
 - Evidence that you meet our English language entry requirements (if English isn't your first language).
5. Submit your online application and electronic copies of your supporting documents. Keep in mind that all applications are normally submitted online.

A FEW THINGS TO REMEMBER

- Read all course information carefully before submitting your application.
- Most of our full-time postgraduate courses start in October. If other start dates are available, this will be noted on the course webpages.
- Off-campus courses may have multiple start dates during the year.
- Places fill up fast, so submit your application as early as you can.
- Make sure you provide all required supporting documents – we can't consider your application without them.
- We'll need at least 10 working days to consider your application and let you know about our decision.
- All Postgraduate Certificate in Education (PGCE) applicants should follow the advice at www.le.ac.uk/education
